Cumbrian Railways:

Cumbrian Railways John Marsh, John Garbutt, 1999 The introduction of railways during the early 19th century into the remote counties of Cumberland Westmorland and Lancashire north of the sands transformed the mainly rural communities Such industries as already existed were able to expand and new ones could exploit the area and a new supply of labour Most importantly tourism grew rapidly in the Lake District as the new north south rail links transported thousands of holiday maers into the area Through a series of archival pictures and documents this book traces the rise and slow decline of the Cumbrian railways Carlisle Cumbrian Railways Association, Michael Peascod, 1986 **Images of Cumbrian Railways**

John Marsh, John Garbutt, 2002 This work displays a large number of previously unseen railway photographs from the remote county of Cumbria that show life on lines that are still in use and later what has now disappeared from the railway scene This volume contains an opportunity to see a new collection of pictures of these lost railway lines in action with many nostalgic views of railways destroyed by shortsighted planning That many of these lost lines are now being restored surely says much about their closure The plans for restoration now include the Waverley line the Appleby to Kirkby Stephen North Eastern line and the Penrith to Keswick line *An Introduction to Cumbrian Railways* DAVID. JOY, Russell Wear, Peter Holmes, 2017

The World's First Railway System Mark Casson, 2009-09-10 This is the first history of the British railway system written from a modern economic perspective It uses conterfactual analysis to construct an alternative network to represent the most efficient alternative rail network that could have been constructed given what was known at the time the first time this has been done *Maryport & Carlisle 150*, 1995 **The Settle-Carlisle Railway** Paul Salveson, 2019-09-23 The line from Settle to Carlisle is one of the world s great rail journeys It carves its way through the magnificent landscape of the Yorkshire Dales where it becomes the highest main line in England descending to Cumbria s lush green Eden Valley with its view of the Pennines and Lakeland fells But the story of the line is even more enthralling From its earliest history the line fostered controversy it probably should never have been built arising only from a political dispute between two of the largest and most powerful railway companies in the 1860s Its construction through some of the most wild and inhospitable terrain in England was a herculean task Tragic accidents affected those who built worked and travelled the line After surviving the Breaching cuts of the 1960s the line faced almost certain closure in the 1980s only to be saved by an expected last minute reprieve This book describes the history behind the inception and creation of the line the challenges of constructing the 72 mile railway and its seventeen viaducts and fourteen tunnels threat of closure in the mid 1980s and the campaign to save it and finally the line today and its future **On the Edge** Robert Duck, 2015-01-22 The building of railways has had a profound but largely ignored physical impact on Britain s coasts This book explores the coming of railways to the edge of Britain the ruthlessness of the companies involved and the transformation of our coasts through **Maryport and Carlisle 150** Cumbrian Railways Association, 1995 **A Regional History of the Railways of Great Britain** David St. John Thomas, 1990 The

North-Eastern and Great Northern Railways Geraldine Edith Mitton,1911 *A Regional History of the Railways of Great Britain: The Lake Counties. 2nd ed* David St. John Thomas,1990 **On The Slow Train** Michael Williams,2010-04-01 A trip back in time DAILY TELEGRAPH A love of railways a love of history a love of nostalgia _____ Get ready to board the slow train to another era to a time when travel meant more than hurrying from one place to the next On the Slow Train will reconnect you with that long missed need for escape and reminds us to lift our heads from the daily grind and remember that there are still places in Britain where we can take the time to stop and stare This book is a paean to another age before milk churns train porters and cats on seats were replaced by security announcements and Burger King wrappers These 12 spectacular journeys will help free us from what Baudelaire denounced as the horrible burden of time _____ Captivating SUNDAY EXPRESS Deep in our soul the railways represent an idyll that we love INDEPENDENT A magical world barely changed since the golden age of rail DAILY MAIL Superb RAILYWAY MAGAZINE Memory lane An intriguing social snapshot HERITAGE RAILWAY Cumbrian Railways Association Archive Collection Listing ,1997 **Cumbria** ,1971 **The Railway Magazine** ,1907 **Railway News, Finance and Joint-stock Companies' Journal** ,1867 **Who was who** ,1920 *The Coniston Railway* Cumbrian Railways Association,1985 **The British National Bibliography** Arthur James Wells,2009
