Cuneiform Texts From Babylonian Part 20:

Cuneiform texts from Babylonian tablets, &c., in the British Museum British Museum,1904 **Mesopotamian Chronicles** Jean-Jacques Glassner,2025-02-15 All the chronicle literature of ancient Mesopotamia from the early second millennium to Seleucid times is collected in this English translation of Glassner s Chroniques M sopotamiennes Paris Les Belles Lettres 1993 In addition to revising and supplementing the French edition this volume provides transcriptions of the cuneiform and English translations of every example of Sumerian Assyrian and Babylonian chronographic literature as well as seminal essays on the genre and on Mesopotamian historiography in general *A Prophet Like Moses* Jeffrey Stackert,2014 Jeffrey Stackert addresses two of the oldest and most persistent problems in biblical studies the relationship between prophecy and law in the Hebrew Bible and the utility of the Documentary Hypothesis for understanding Israelite religion These topics have in many ways dominated pentateuchal studies and the investigation of Israelite religion since the nineteenth century culminating in Julius Wellhausen s influential Prolegomena to the History of Ancient Israel Setting his inquiry against this backdrop while drawing on and extending recent developments in pentateuchal theory Stackert tackles the subject through an investigation of the different presentations of Mosaic prophecy in the four Torah sources His book shows that these texts contain a rich and longstanding debate over prophecy its relation to law and its place in Israelite religion With this argument *A Prophet Like Moses* demonstrates a new role for the Documentary Hypothesis in discussions of Israelite religion It also provides an opportunity for critical reflection on the history of the field of biblical studies Stackert concludes with an argument for the importance of situating biblical studies and the study of ancient Israelite religion within the larger field of religious studies rather than treating them solely or even primarily as theological disciplines
