Current Issues in Comparative Grammar R. Freidin, 2014-01-15 **Current Issues in Comparative Grammar** R. Freidin, 2012-12-06 Current Issues in Comparative Grammar illustrates the diversity and productivity of research within the principles and parameters framework of generative grammar In combination the papers in this volume address a rich and varied set of issues in the study of comparative grammar including the theories of binding case and government the parametric effects of inflection the syntactic properties of infinitival constructions the analysis of expletives and of clitics and the interpretation of anaphoric properties at the level of Logical Form The collection employs several different research strategies ranging from a broad survey of related constructions in a wide range of languages to the close analysis of an unusual construction in a single language and its consequences for the theory of Universal Grammar Some of the papers collected here are commentaries on others or responses to commentaries Questions of Syntax Richard S.

Kayne, 2019-03-22 There are far more syntactically distinct languages than we might have thought Yet there are far fewer than there might have been We need to understand why Questions of Syntax collects sixteen papers authored by Richard S. Kayne a preeminent syntactician who has sought over the course of his career to understand why both these things are true
