Forgery in Musical Composition Frederick Reece, 2025 We all know about art forgeries but why write fake classical music In Forgery in Musical Composition Frederick Reece investigates the methods and motives of mysterious musicians who sign famous historical names like Haydn Mozart and Schubert to their own original works Analyzing a series of genuinely fake sonatas concertos and symphonies in detail Reece's study exposes the shadowy roles that forgeries have played in shaping perceptions of authenticity creativity and the self within classical music culture from the 1790s to the 1990s Holding a magnifying glass to a wide array of phony works Forgery in Musical Composition explains how skillful fakers have succeeded in the past while also proposing active steps that scholars and musicians can take to better identify deceptive compositions in the future Pursuing his topic from case to case Reece observes that fake historical masterpieces have often seduced listeners not simply by imitating old works but rather by mirroring modern cultural beliefs about innovation identity and meaning in music Here forged compositions have important truths to tell us about knowing and valuing works of art precisely because they are not what they appear [The Oxford Handbook of the Archaeology of the Contemporary World](#)

Prague Palimpsest Alfred Thomas, 2010-10-15 A city of immense literary mystique Prague has inspired writers

across the centuries with its beauty cosmopolitanism and tragic history Envisioning the ancient city in central Europe as a multilayered text or palimpsest that has been constantly revised and rewritten from the medieval and Renaissance chroniclers who legitimized the city's foundational origins to the modernists of the early twentieth century who established its reputation as the new capital of the avant garde Alfred Thomas argues that Prague has become a paradoxical site of inscription and effacement of memory and forgetting a utopian link to the prewar and pre Holocaust European past and a dystopia of totalitarian amnesia Considering a wide range of writers including the city's most famous son Franz Kafka Prague Palimpsest reassesses the work of poets and novelists such as Bohumil Hrabal Milan Kundera Gustav Meyrink Jan Neruda V t zslav Nezval and Rainer Maria Rilke and engages with other famous authors who wrote Prague including Guillaume Apollinaire Ingeborg Bachmann Albert Camus Paul Celan and W G Sebald The result is a comparative interdisciplinary study that helps to explain why Prague more than any other major European city has haunted the cultural and political imagination of the West
