Paige, 2009-10 Three couples all connected by love and loss and something else There are forces at work often unknown to us that bring the right one into our lives And sometimes we need a little help to see what has been there all along January Madison is a reporter sent to Gull Island off the coast of Maine to bring the story of a couple who found love in their eighties to the readers of her popular feature aThe Right One in a national magazine She has given up on the idea of true love having been abandoned by her fiancé just a few months before their wedding She is about to meet four people who will change her life one of whom may not be who she seems And she is about to be run into a force that is much bigger than anything she has ever written about a one that she cannot resist     **It May Sound Like a Ferry Tale** Linda Heizer, Susan Haddow, 1972     *Ferrytale* James Arthur Ward, 2001 Wilbur H Ping Ferry 1910 1995 was a self styled town crank an influential and iconoclastic figure who seemingly knew everyone worth knowing in the mid twentieth century Businessman thinker activist government advisor and philanthropist Ping s career was as varied as his pronouncements In Victor Navasky s words his ultimate importance was the impossible example he set for the rest of us     A Staten Island Ferry Tale Catherine Avery St Jean, 2006-09-01 Through the eyes of young Paul we get to experience a trip to Manhattan from the pilot house of the Staten Island Ferry It s a special trip for Paul who s been invited by the Captain He will get to pass his favorite ship the grandest ocean liner of them all the Queen Elizabeth 2 on her way out to sea On board with Paul young readers will learn facts about the Ferry itself as well as the navigational and historical significance of New York Harbor     *Over and Back* Brian J. Cudahy, 1990 Ask the average American anywhere in the country to answer the association question Staten Island and you get Ferry in immediate response what is regularly billed as America s favorite boatride not least because a round trip still costs an astonishing twenty five cents is the last public survivor of New York Harbor s once immense fleet of those doughty double ended ferryboats Dozens of ferryboats in a myriad of liveries crossed the harbor s waterways as recently as

one generation ago Most have vanished as though they never were leaving in their ghostly wakes only fading memories and a few gorgeously restored ferry terminals The handsomest of these terminals on the New Jersey side of the Hudson is probably the one dubbed by Christopher Morley the Piazza San Lackawanna Over and Back captures definitively nearly two centuries of ferryboating in New York Harbor by a master narrator of the history of transportation in America In stories charts maps photographs diagrams route lists fleet rosters and in the histories of some four hundred ferryboats Brian J Cudahy captures the whole tale as concisely as one could hope The transportation expert the ferry buff the model builder the urban historian each will find grist for his or her mill The photographs capture a highly significant footnote in America s past and present the colored illustrations preserve some of the stylish rigs in which the owners garbed their boats despite coal soot oil smudge and urban grime Fully a third of the book comprises the most complete statistical compilation that the nation s public and private archives permit The data show among other things that some of the former workhorses of New York Harbor are filling utilitarian or social roles elsewhere in the United States and overseas and that the newest boats in the harbor began life along the Gulf of Mexico and in New England

Rickert,2003-07-08 Alfred Lord Tennyson in his poem Ulysses has the aging hero say I am a part of all that I have met To this the poet might have added and of all that I have thought Storytellers find their stories among the broken fragments of their lives things they have done seen or heard They also find them among the scattered figments of their minds things that they have deduced dreamed or imagined Their tales are crafted of these fragments and figments with the mix varying widely In the following stories that mix favors fact over fancy Three of the stories are taken from my experiences during the Korean War two are drawn from my childhood and one from the courtship of my grandparents *The Village of Sewickley* Franklin Taylor Nevin,1929
