5. What is blocking my ability to successfully transmute the negative to positive?

The Nine of Swords indicates that Evelyn may say she wants to be free but doesn't really believe that it can happen.

6. What are clear, tangible signs of change in my life that will prove my healing journey is successful?

The Ten of Knives implies that Evelyn will continue to be discerning about who to trust, but she will no longer fear emotional intimacy with others as she did before. This will not happen overnight, but Evelyn is determined not to allow the past to ruin her future.

DIFFICULT ANCESTRY SPREAD

We are all affected by the choices past generations have made. Sometimes our families still suffer from an ancestor's cruelty, selfishness, addictions, or weaknesses even if we never met them. This spread will help you determine the best way to move forward.

1. What was the fundamental rationale for the behavior of my troubled ancestor(s) as they understood it?
2. How have the actions of my troubled ancestor(s) affected the family the most?
3. What is the healthiest attitude to have toward my troubled ancestor(s)?
4. As the embodiment of this ancestor(s) in this space, place, and time,

how may I atone for their wrongdoing and restore honor and balance to our family?

5. How should this atonement work look and feel?
6. What will I begin to see, feel, or experience once the healing begins?

Sample Reading

David discovered in his late father's journal that his dad was a victim of sexual abuse by his grandmother from the age of two until he was nine years old. David was shocked, disgusted, and angry. He was close to his late grandmother, and he could never imagine her capable of doing such a thing! The relationship David had with his grandma was wholesome and perfect. So he convinced himself that his father was delusional or that there must be some other explanation. That is, until he showed his older sister the journal, and she confirmed that she heard a rumor that their grandmother and her uncle had molested other children in the family. David practices ancestor veneration and doesn't know how to process what he's learned or what he should do about it.

Interpretation

1. What was the fundamental rationale for the behavior of my troubled ancestor(s) as they understood it?

The Ten of Coins suggests there may be a long legacy of abuse in David's family that he didn't know about. David's grandmother just continued this shameful, destructive legacy without much thought about the consequences. There was an unspoken agreement among the family's members not to discuss this toxic legacy so everyone could pretend that nothing happened.

[Book of Sun and Moon \(I Ching\)](#) Stuart Alve Olson,2014-10-18 The books in this two volume series present the most important tools and information on how to utilize theBook of Changes I Ching TheBook of Sun and Moon an alternative though accurate translation for the title of theI Ching is both a book of divination and calculation Its use in divination means to apply intuition concerning the oracle of the hexagrams the sixty four images of broken and unbroken Yin and Yang lines Its ability to calculate and determine possible outcomes for any situation involves examining the logical correlations associated with each of the hexagrams and what images they change into and head toward Using theBook of Sun and Moonis like being a detective or tracker The images are the clues and tracks and a good detective or tracker needs not only tools of deduction and observation but also a strong sense of intuition Hence theBook of Sun and Moonprovides the main tools for both Some questions put to theBook of Sun and Moonmay only seem to need an understanding of the oracle portion while others may only seem to require the use of logic and calculation Without applying both intuition and logic however you are only receiving half the picture and limiting the amount of information theBook of Sun and Mooncan provide Volume I contains background historical information and explanations of theI Ching s construction and uses for divination and calculation Volume II contains the translations of the

original Book of Sun and Moon along with specific correlations for the hexagrams and trigrams for interpretation as well as Stuart Alve Olson's commentaries derived from various Chinese sources. These new editions of the Book of Sun and Moon provide a distinctly Daoist perspective on the work which sets them apart from the majority of other translations of the I Ching that contain commentaries based on Confucian ideals and philosophy.
