preceded by important contributions by W R Mead of University College London on the connections between Wallin and England where his writings on Arabia found a welcome and by Mrs M Trautz on the background to Wallin s years of exploration This is the first reprint of Wallin s writings and constitutes in its way as signal an appreciation of the great Finnish explorer s work as the original publication of his absorbing pioneer journeys more than a century ago Part of the Oleander Classics series this title has been reproduced using the highest quality modern scanning technology in order to keep this and other important works from the Press s 50 year history from going out of print In this way the invaluable resources provided by books in the series remain available for general readers academics and other interested parties
