Dembo, 2021-07-23 Our age of radical uncertainty requires a new way of assessing risk that pays more attention to the extreme outliers that too often become tomorrow's reality Today's models cannot cope with the frightening new unpredictable risks we face every day that frequently seem to come out of left field the effects of climate change a killer pandemic a cascading wildfire a financial crisis triggered by faceless algorithms or a devastating cyber attack that shuts down the electric power grid This accessible book advocates a new more realistic approach to analyzing risk and strategizing one that is less reliant on a single solution or unnuanced forecast They help us look for the almost unimaginable situations that we cannot see The book targets non technical and technical individuals who are faced with complex decisions Here is what some thought leaders are saying about Risk Thinking Had we central bankers employed Dembo's risk thinking approach and analytical tools we could have avoided the Great Financial Crisis David Dodge former Governor of the Bank of Canada A provocative and clear manual for anyone trying to assess risks today Gillian Tett Financial Times Editorial Board and Editor at large U S Enjoy this book It is insightfully written fun to read and assess risks to navigating our uncertain future Col Chris Hadfield engineer test pilot and astronaut Formerly Commander of the International Space Station and Nasa Director of Operations in Russia We can all think of major recent failures to manage risk in the economy financial services health care and climate change as the world becomes more complex managing risk will become more important and more difficult This book provides an effective and refreshingly practical framework for addressing this challenge Mike Pedersen Chairman Business Development Bank of Canada Former President at and CEO TD Bank America's Most Convenient Bank In Risk Thinking Ron Dembo gives the reader tools to unravel the mysteries of risk in an accessible and eloquent way This is a must read for any strategic thinker and emerging leader looking to thrive in an uncertain world Dr Phil De Luna Carbontech Innovator and selected as one of Forbes 30 Under 30

What Is Cosmopolitical Design? Design, Nature and the Built Environment Albena Yaneva, Alejandro Zaera-Polo, 2017-05-15 The scale of ecological crises made us realize that every kind of politics has always been cosmopolitics politics of a cosmos Cosmos embraces everything including the multifarious natural and material entities that make humans act The book examines cosmopolitics in its relation to design practice Abandoning the modernist idea of nature as being external to the human experience a nature that can be mastered by engineers and scientists from outside the cosmopolitical thinking offers designers to embark in an active process of manipulating and reworking nature from within To engage in cosmopolitics this book argues means to redesign create instigate and compose every single feature of our common experience In the light of this new understanding of nature we set the questions What is the role of design if nature is no longer salient enough to provide a background for human activities How can we foster

designers own force and make present what causes designers to think feel and act How do designers make explicit the connection of humans to a variety of entities with different ontology rivers species particles materials and forces How do they redefine political order by bringing together stars prions and people In effect how should we understand design practice in its relation to the material and the living world In this volume anthropologists science studies scholars political scientists and sociologists rethink together the meaning of cosmopolitics for design At the same time designers architects and artists engage with the cosmopolitical question in trying to imagine the future of architectural and urban design The book contains original empirical chapters and a number of revealing interviews with artists and designers whose practices set examples of cosmopolitically correct design

Prophecy Flash!, 1997 **Global Responses to Terrorism** Mary Buckley, Rick Fawn, 2004-02-24 This book examines how the world has reacted to and been affected by the terrorist attacks on September 11th the ensuing war in Afghanistan and President George Bush's declaration of a war on terror as the first war of the 21st Century

Doomsday Russell Chandler, 1993 The Cult at the End of the World David E. Kaplan, Andrew Marshall, 1996 The brave new age of postmillennium terror is awakening and its harbinger is Aum Supreme Truth a Japan based global web of wired technically expert New Age zealots armed with biological weapons driven by an apocalyptic vision of unprecedented destruction With compelling immediacy this book tells the terrifying story the cult responsible for the Tokyo subway nerve gas attack offering a revealing profile of its founder and leader Shoko Asahara

Deadly Cults Robert L. Snow, 2003-11-30 How do seemingly normal or ordinary citizens suddenly find themselves committed to a group whose leader promotes criminal activities and isolation from families and friends What should you do if a loved one becomes indoctrinated by a potentially dangerous cult By providing specific accounts of dangerous cults and their destructive acts Snow illustrates how seemingly innocent groups can turn pernicious when under the sway of a charismatic leader with an agenda or when members take things too far He offers advice on how to identify cults how to protect yourself and your family and what to do if a loved one is ensnared by such a group

Annotation Snow a veteran Indianapolis police officer in the homicide branch does not bother with groups that are demonized as cults merely because they diverge from someone else's idea of truth or proper deportment but focuses on those that are responsible for major crimes such as murder and torture They include religious occult millennial new age UFO doomsday and suicide cults He also discusses their danger appeal recruitment and indoctrination and how to combat them

The Last Days are Here Again Richard G. Kyle, 1998 A handy comprehensive guide to the history of both Christian and secular end times thought and movements

Awaiting the Millennium Richard G. Kyle, 1998 The Last Days Are Here Again serves as a comprehensive source regarding movements related to the end times This handy guide also examines ideas espoused by fringe groups such as the Heaven's Gate cult and shows how end time thinking has been adapted to fit nearly every time period
