Writings of Religious Rebellion Kathryn Lee Neal Dantzler,1989 **The "home Truths" of Doris Betts** Sue Laslie Kimball,Lynn Veach Sadler,1992 **Southern Strategies** Michael Odom,2024-03-07 A study of how literary strategies illuminate the evangelical foundation of Southern culture In *Southern Strategies Narrative Negotiation in an Evangelical Region* Michael Odom argues that through the narrative strategies of resistance satire and negotiation a multigenerational group of twentieth century white Southern writers provides unique insight into the central role evangelical religion has played in shaping the sociopolitical culture of the American South Odom investigates how W J Cash and Lillian Smith confront both the racist culture of their time and the religious institutions that enabled white supremacy to flourish insider outsider Catholic writers Flannery O Connor and Walker Percy satirize American consumption and the antithetical imperative of evangelical Christianity subsumed within the same culture and Doris Betts and Dennis Covington engage evangelical religion with curiosity and compassion redefining spirituality with the aim of providing a sense of community vision and selfhood *Southern Strategies* concludes with an analysis of contemporary responses to the evangelical activism that animates the base of American conservatism today *Vale of Humility* George Hovis,2007 This is an inviting look at the influence of the yeoman's small farm on six modern southern writers In a deft analysis of works by Doris Betts Reynolds Price Fred Chappell Lee Smith Clyde Edgerton and Randall Kenan *Vale of Humility* explores the lives of the plain folk white and black who populate the worlds of contemporary North Carolina fiction Hovis explains that a wealthy planter elite was significantly less prominent in North Carolina than in neighboring regions and as such the state's plain folk did not develop a class identity based as deeply in relation to a superior planter class Instead the identification of the yeoman's small farm rather than the plantation as necessary to the ideal life has been a distinguishing feature of the state's literature In this first full length study of North Carolina's contemporary fiction Hovis examines the work of six representative writers from the state's three geographic regions Lee Smith and Fred Chappell from the mountains Doris Betts and Clyde Edgerton from the Piedmont and Reynolds Price and Randall Kenan from the coastal plain The work of these six writers is explored within the broader southern literary tradition with attention to how they have revised such modes as pastoral family saga and southwestern humor in order to portray their own regional experiences Although these writers celebrate the egalitarianism at the heart of the yeoman ideal they also expose the forms of racism sexism and classism that have also marked the state's history *The Intellectual in Twentieth-Century Southern Literature* Tara Powell,2012-01-09 Never in its long history has the South provided an entirely comfortable home for the intellectual In this thought provoking contribution to the field of southern studies Tara Powell considers the evolving ways that major post World War II southern writers have portrayed

intellectuals from Flannery O'Connor's ironic view of interlocking cultures to Gail Godwin's southerners striving to feel at home in the academic world. Although Walker Percy like his fellow Catholic writer O'Connor explicitly rejected the intellectual label for himself, he nonetheless introduced the modern novel of ideas to southern letters. Powell shows by placing sympathetic, non-caricatured intellectuals at the center of his influential works. North Carolinians Doris Betts and her student Tim McLaurin made their living teaching literature and creative writing in academia, and Betts's fiction often includes dislocated academics while McLaurin's superb memoirs often funnyly point up the limitations of the mind as opposed to the heart and the spirit. Examining works by Ernest Gaines, Alice Walker, and Randall Kenan, Powell traces the evolution of the black American literacy narrative from a stress on the post-Emancipation conviction which saw formal education as an essential means of resisting oppression to the growing suspicion in the post-civil rights era of literacy acts that may estrange educated blacks from the larger black community. Powell concludes with Godwin who embraces university life in her fiction as she explores what it means to be a southern female intellectual in the modern world, a world in which all those markers inscribe isolation.

American Short-story Writers Since World War II. Patrick Meanor, Gwen Crane, 2000. Southern Writers Joseph M. Flora, Amber Vogel, 2006-06-21. This new edition of *Southern Writers* assumes its distinguished predecessor's place as the essential reference on literary artists of the American South. Broadly expanded and thoroughly revised, it boasts 604 entries, nearly double the earlier edition's, written by 264 scholars. For every figure, major and minor, from the venerable and canonical to the fresh and innovative, a biographical sketch and chronological list of published works provide comprehensive, concise, up-to-date information. Here in one convenient source are the South's novelists and short story writers, poets and dramatists, memoirists and essayists, journalists, scholars, and biographers from the colonial period to the twenty-first century. What constitutes a southern writer is always a matter for debate. Editors Joseph M. Flora and Amber Vogel have used a generous definition that turns on having a significant connection to the region in either a personal or literary sense. New to this volume are younger writers who have emerged in the quarter century since the dictionary's original publication, as well as older talents previously unknown or unacknowledged. For almost every writer found in the previous edition, a new biography has been commissioned. Drawn from the very best minds on southern literature and covering the full spectrum of its practitioners, *Southern Writers* is an indispensable reference book for anyone intrigued by the subject.
