Tennent Shaw,1875 *The Eschatological Person* Andrew T. J. Kaethler,2022-07-12 Both Alexander Schmemmann and Joseph Ratzinger insist that the human person remains shrouded in mystery without God s self disclosure in the person of Jesus Christ Like us Jesus lived in a particular time and location and therefore time and temporality must be part of the ontological question of what it means to be a human person Yet Jesus the one who has time for us ascended to the Father and the bride of Christ awaits his return and therefore time and temporality are conditioned by the eschatological With this in mind the ontological question of personhood and temporality is a question that concerns eschatology how does eschatology shape personhood Bringing together Schmemmann and Ratzinger in a theological dialogue for the first time this book explores their respective approaches and answers to the aforementioned question While the two theologians share much in common it is only Ratzinger s relational ontological approach that by being consistently relational from top to bottom consistently preserves the meaningfulness of temporal existence **The Vintage Book of African American Poetry** Michael S.
