the years but until now there has been no definitive look at the culture surrounding our chosen way of life Many authors have
written about mods and the infamous and often over hyped beach battles of the 1960s but hardly any have tried to capture
the atmosphere of the modern scene in print We still owe the original mods for fuelling the imagination of past present and
future generations and for leaving a rich scooter heritage behind them Although the mod way of life was the spark which lit
the fuse for many of us the majority of scooter riders have evolved into lifestyle scooterists We may not dress in a particular
style our scooters may not be adorned with lights and mirrors but we still burn with the same passion as our scooter riding
ancestors It s over sixty years since the first Italian scooters rolled off the production lines but there is still a buzzing and
vibrant lifestyle surrounding them The small capacity machines have overtaken the lives of thousands of us often to the
detriment of everything else we hold dear Careers relationships and families have suffered for this overwhelming and
expensive addiction An addiction to which there is no cure We live and breathe the sickly sweet smell of synthetic two stroke
oil and worship at the altar of our chosen gods Lambretta and Vespa or occasionally Gilera and Italjet Our hands are
permanently ingrained with the oily tattoo s of a thousand engine rebuilds and our major organs have suffered the long term
effects of our hedonistic lifestyle Including interviews with well known scootering personalities over 150 colour photographs
of award winning custom scooters best selling scooter models and information on rallies and events this book is a must have

part of their tool box **Catalog** Robin Cherry,2008-09-04 Since 1872 when traveling salesman Aaron Montgomery Ward
realized he could eliminate the middleman and sell goods directly to his customers Americans have had an ongoing love affair

with the mail order catalog which continues undiminished even in today's online driven world. The practical can find deals on furniture and clothing in L L Bean and Sears the extravagant can consider his and hers matching helicopters windmills hot air balloons and submarines in the Neiman Marcus Fantasy Catalog those looking to get their pulses racing can browse Victoria's Secret and Abercrombie while our inner swashbuckler can travel the world through the pages of the J Peterman Owner's Manual where Moroccan caftans Russian Navy t-shirts and wooden water buckets from rural China entice the imagination. In Catalog The Illustrated History of Mail Order Shopping Robin Cherry traces the timeline of these snapshots from American history and discovers along the way how we dressed decorated our houses worked played and got around. From corsets to bell bottoms from baby doll dresses and Doc Martens all the way to iPods the history of these catalogs is the history of our lives and our culture. GIs during World War II were kept company by the models in the pages of lingerie catalogs hockey goalies fashioned makeshift shin guards out of them during the Great Depression and creative children across the country still play with homemade paper dolls cut from clothing catalogs. A number of celebrities got their start modeling for catalogs Gregory Peck Lauren Bacall Katherine Heigl Matthew Fox and Angelina Jolie Jimi Hendrix and Bob Dylan both got their first guitars from the Sears catalog. Organized into categories such as clothing food animals and houses author Robin Cherry explores the vivid stories behind Sears Montgomery Ward Lillian Vernon Harry David Jackson Perkins and of course 45 years of the Neiman Marcus Christmas Book. Insightful historical commentary places these catalogs in their social context making this book a visual pleasure and a historically important piece of Americana.

[BSA Sunbeam & Triumph Tigress Scooter 1959-1965 Workshop Manual](#), 2021-10-13 184 pages and more than 120 illustrations and charts size 8 25x10 75 inches. This manual is a compilation of three factory publications including the owner's instruction manual the parts/spares manual and a set of service sheets. These publications cover all three variations of the 175cc two stroke and the 250cc four stroke and electric start models manufactured from 1959-1965. Neither BSA nor Triumph ever published a workshop manual for these models however the combination of these three publications provides the most comprehensive maintenance and repair information that was ever made available from the manufacturer. MANUALS the latter in a shell blue or mimosa and ivory two tone with a Triumph badge. Introduced in late 1959 the scooter was available with a 250 cc four stroke twin 10hp or 175cc two stroke single cylinder engine 7 5hp. Both engines were forced air cooled. The two stroke was a development of the BSA Bantam engine but the four stroke was a completely new parallel twin with a gear drive to the gearbox. The contact breaker fed two separate ignition coils each of which connected directly to its own spark plug without the need for a distributor. Drive to the rear wheel was by a fully enclosed chain in an oil bath. Both versions had four foot operated gears. Some of the 250 twins were fitted with an electric starter and a 12 volt not 6 volt electrical system they were identified as either B2S Sunbeam or TW2S Triumph. The 250 cc four stroke model was discontinued in 1964 and the 175cc two stroke model in 1965.
