Downbelow Station C. J. Cherryh, 2008-12-02 The Hugo Award winning science fiction novel about a space station caught in the crosshairs of an interstellar war perfect for fans of space opera and military science fiction A hell of a story io9 The Beyond started with the Stations orbiting the stars nearest Earth The Great Circle the interstellar freighters traveled was long but not unmanageable and the early Stations were emotionally and politically dependent on Mother Earth The Earth Company which ran this immense operation reaped incalculable profits and influenced the affairs of nations Then came Pell the first station centered around a newly discovered living planet The discovery of Pell s World forever altered the power balance of the Beyond Earth was no longer the anchor which kept this vast empire from coming adrift the one living mote in a sterile universe But Pell was just the first living planet Then came Cyteen and later others and a new and frighteningly different society grew in the farther reaches of space The importance of Earth faded and the Company reaped ever smaller profits as the economic focus of space turned outward But the powerful Earth Fleet was still a presence in the Beyond and Pell Station was to become the last stronghold in a titanic struggle between the vast dynamic forces of the rebel Union and those who defended Earth s last desperate grasp for the stars

Downbelow Station C. J. Cherryh, 1981 The Hugo Award winning classic now available in a trade edition for the first time Pell s Station orbiting the alien world simply called Downbelow had always managed to remain neutral in the ever escalating conflict between The Company whose fleets from Earth had colonized space and its increasingly independent and rebellious colony worlds But Pell s location on the outer edge of Earth s defensive perimeter makes her the focal point in the titanic battle of colony worlds fighting for independence

Downbelow Station C. J. Cherryh, 1981 Colonies of Earth s space empire are in rebellion Whoever controls the Downbelow Station on Pell s Star holds the key to winning the war *Complete Critical Assembly* David Langford, 2002-10-01 This new collection of essays commissioned from a range of scholars across the world takes as its theme the reception of Rome s greatest poet in a time of profound cultural change Amid the rise of Christianity the changing status of the city of Rome and the emergence of new governing classes Vergil remained a bedrock of Roman education and identity This volume considers the different ways in which Vergil was read understood and appropriated by poets commentators Church fathers orators and historians The introduction outlines the cultural and historical contexts Twelve chapters dedicated to individual writers or genres and the contributors make use of a wide range of approaches from contemporary reception theory An epilogue concludes the volume *What Makes This Book So Great* Jo Walton, 2014-01-21 A remarkable guided tour through the field a kind of nonfiction companion to *Among Others* It s very good It s great Cory Doctorow *Boing Boing* As any reader of Jo Walton s *Among Others* might guess Walton is both an inveterate reader of SF and fantasy and a chronic re reader of books In 2008 then new science fiction mega site Tor.com asked Walton to blog regularly about her re reading about all kinds of older fantasy and SF ranging from acknowledged classics to guilty pleasures to

forgotten oddities and gems These posts have consistently been among the most popular features of Tor.com Now this volume presents a selection of the best of them ranging from short essays to long reassessments of some of the field's most ambitious series Among Walton's many subjects here are the Zones of Thought novels of Vernor Vinge the question of what genre readers mean by mainstream the underappreciated SF adventures of C.J. Cherryh the field's many approaches to time travel the masterful science fiction of Samuel R. Delany Salman Rushdie's *Midnight's Children* the early Hainish novels of Ursula K.
