The New Town Square Robert R. Archibald, 2004-05-17 In this lyrical volume Robert R Archibald explores a growing crisis of modern America the dissolution of place that leads to a dangerous rupture of community Community_ born historically within the collective space of the town square where citizens come together to share stories and make meaning of their common histories_ is dissipating as Americans are increasingly isolated from that shared space and are being submerged into an individualistic consumer monoculture with disregard for the common good This volume examines how public history museums and historians can help restore community by offering a source of identity for people and their places becoming a wellspring of community and an incubator of democracy a consciousness of connection with a responsibility to those in our past and future The New Town Square offers its readers a space to understand and celebrate the shared space of community and is a vital resource for public historians and those interested in restoring the meaning of community
