The Art and Politics of Academic Governance Kenneth P. Mortimer, Colleen O'Brien Sathre, 2010-02-15 Using case studies and relevant literature this book illustrates the challenges to legitimate Shared governance domains when the routine of the academy is forced to deal with big issues often brought on by external forces Mortimer and Sathre have gone beyond a discussion of faculty administrative behavior by focusing on what happens when the legitimate governance claims of faculty trustees and presidents clash They place these relationships in the broader context of internal institutional governance and analyze the dynamics that unfold when advocacy trumps collegiality The book closes with a defense of shared governance and offers observations and practical suggestions about how the academy can share authority effectively and further achieve its mission

burdens However because external influences on academic governance should not be allowed to overwhelm internal governance structures colleges are urged to strengthen self regulation capacity to take leadership roles and to revitalize their historic governance tradition The survey questionnaire is included together with a list of participating institutions and agencies SW reprinted from ERIC [Policy Documents and Reports](#) AAUP,2025-04-22 The essential guide to the AAUP s recommended policies and best practices for higher education now in its twelfth edition For the past century the American Association of University Professors AAUP long viewed as the authoritative voice of the academic profession has developed gold standards for sound academic practice The AAUP s Policy Documents and Reports widely known as the Redbook presents in a convenient format a wide range of policy documents some formulated in cooperation with other educational organizations The twelfth edition includes statements and reports on academic freedom tenure and due process academic governance professional ethics recruitment and faculty appointment librarians and academic professionals online and distance education intellectual property copyright and outside funding discrimination collective bargaining budgets salaries and benefits and students rights and freedoms The new edition features central AAUP policy documents that have undergone revision or have received significant statistical and legal updates since the publication of the last edition These include the Recommended Institutional Regulations on Academic Freedom and Tenure the Statement on Collective Bargaining On Collegiality as a Criterion for Faculty Evaluation The Use and Abuse of Faculty Suspensions and Contingent Appointments and the Academic Profession as well as the documents that outline procedures for conducting Association investigations This edition also features newly rewritten versions of two existing Redbook statements Academic Freedom and Outside Speakers and the Statement on Online Education And nine documents are included for the first time including four on academic governance Confidentiality and Faculty Representation in Academic Governance Faculty Evaluation of Administrators Faculty Communication with Governing Boards Best Practices and On the Use of Executive Recruiters in Presidential Searches and a 2024 statement on achieving racial justice in higher education On Eliminating Discrimination and Achieving Equality in Higher Education **Faculty in Governance** Robert Birnbaum,1991 *Governing Academic Organizations* Gary L.
