Accelerated Dragon:

The Sicilian Accelerated Dragon Peter Heine Nielsen, Carsten Hansen, 1998 The Sicilian Accelerated Dragon succeeds by focusing attention on how Black can break the Maroczy Bind and create dynamic possibilities Studying these general principles can enhance any player's game **Intermediate Accelerated Dragons** Jeremy Silman, John Donaldson, 1993 Many players are attracted to the Dragon Sicilian but are put off by the fierce mating attacks that White can launch In the Accelerated Dragon Black aims for an improved version saving a move with his queen's pawn If White tries to ignore the difference Black's instant detonation of the centre will come as an unwelcome cold shower The authors show that White's main reply the Maroczy Bind is not so fearsome as was once thought Black has many ways to break out while quite often it is possible to manoeuvre around White's binding pawns and show that they imprison White's pieces as much as they do Black's

Play the Accelerated Dragon Peter Lalic, 2014-06-17 The Accelerated Dragon remains one of Black's most popular choices in the Sicilian and the attractions are obvious Black's opening strategy is easy to understand and his pieces are quickly developed on active squares Furthermore White players hoping to attack in the same way as against the traditional Dragon will be shocked by the Accelerated Dragon's greater flexibility and possibilities for a swift counterattack In this book Peter Lalic presents a repertoire for Black based on this line He outlines a reliable system of development with the aim of choosing clear consistent plans Firstly he demonstrates why the Accelerated Dragon exponent need not fear the Yugoslav Attack Secondly if White chooses instead the Maroczy Bind approach he emphasizes that positional understanding is far more important than memorization of move sequences He studies the thematic middlegame and endgame positions which may arise and answers all the frequently asked questions This book tells you everything you need to know to play the Accelerated Dragon with confidence An Accelerated Dragon repertoire for Black Packed with new ideas and critical analysis Covers Black's key tactics and strategies **ADVANCED TACTICS, PSYCHOLOGICAL PLAY, AND TOURNAMENT PREPARATION**
