

A Parent Guide to the Accelerated Reader Program

What is the Accelerated Reader Program?

Accelerated Reader is a computer program that allows you to help monitor your child's progress in reading books at his or her appropriate reading level.

1. Read the Book

After your child has selected her book, she should read independently at home and do a short quiz at school. This will help her learn to understand and enjoy the book.

2. Track the Progress

The program will track the books that your child reads, along with their quiz scores and test points.

The information is then used by teachers to monitor children's progress and offer additional support if and when needed. The idea of the program is to help children to develop their reading skills at their own pace.

Benefits of the Accelerated Reader Program?

Help to read with the parent and with extra help if needed and at a pace that is right for the child.

Monitor an individual's progress through helping them build confidence in themselves.

How can I help my child at home?

Read at least 20 minutes for reading to help comprehension skills. The more children read the more they will get at school.

Read all books your child can read. The more they read the more books they will choose to read at home. Encourage them to read together and to talk about the books.

Read together and let your child explain the book to you. This will help them to understand and enjoy the book.

Encourage conversations around the books and questions like "What is your favourite character?" "How do you think the character will react to...?" "What do you think the story will be about?" "What do you think the story will be about?"

Encourage and encourage them to read.

Encourage your child to read for fun and provide additional support and encouragement to help them to read.

Monitor progress so that you can encourage them to read more at home. The more they read the more they will get at school. Encourage them to read together and to talk about the books.
