Accounting, Its Principles and Problems Henry Rand Hatfield,1927 **Modern Accounting, Its Principles and Some of Its Problems** Henry Rand Hatfield,1909 American Accountants and Their Contributions to Accounting Thought (RLE Accounting) John J. Kahle,2014-02-05 Accounting carries with its history a vast number of ideas which have slowly developed along with it This volume relates this history as it took place during the first three decades of the twentieth century in the United States In particular it deals with those individuals who were for the most part responsible for it It was these pioneers who recorded their observations of the actual workings of the myriad adaptations and new devices which had slowly eased their way into accounting theory and practice in the USA in the early twentieth century **Journal of Accountancy** ,1930 *Memorial Articles for 20th Century American Accounting Leaders* Stephen Zeff,2016-03-31 This collection of memorial articles and selected obituaries highlights the careers and contributions to accounting practice the accounting profession and the accounting literature of leading American figures in the 20th century The memorial articles do much more than recite their subject s career More importantly they discuss and assess their subject s role in influencing the course of accounting practice and the profession as well as the evolution of their influential writings revealing the names of the accounting leaders and leading thinkers of the past century *Memorial Articles for 20th Century American Accounting Leaders* is useful in providing students and young researchers with a rich source of intelligence on the leaders who have established norms of practice advanced the profession and set the terms of debate in the literature leaders who are cited and even quoted but who are known mostly as names without a full bodied treatment of their backgrounds and broader roles in shaping the accounting literature The American Economic Review ,1916 Includes annual List of doctoral dissertations in political economy in progress in American universities and colleges and the Hand book of the American Economic Association

Twentieth Century Accounting Thinkers (RLE Accounting) J.
