The manner in which Orthodoxy was introduced into East Africa during the twentieth century and the way in which it has taken root and spread can only be explained in terms of a Divine miracle Orthodoxy has spread phenomenally throughout East Africa From Uganda it has spread into Kenya Tanzania and all Africa In recent years the Orthodox Churches of Finland Greece Cyprus and America have assisted their sister Church in East Africa This help in no way detracts from the fact that the planting of Orthodoxy in East Africa was achieved by African men and African enterprise without any external missionary support His Eminence Archbishop Makarios Metropolitan of Zimbabwe a native of Cyprus began his missionary activity in East Africa as the Principal of the Patriarchal Seminary which was established in Kenya by His Beatitude Archbishop Makarios III of Cyprus In 1992 he was elected and consecrated Bishop of Riruta He continued as principal of the Patriarchal Seminary until September 1997 The following year the Holy Synod of the Patriarchate of Alexandria elected him as Metropolitan of Zimbabwe His collection of sermons and other discourses delivered on various occasions gives an insight into a work of transformation Seventy years ago authentic Orthodoxy did not exist in East Africa Today a network of hundreds of parishes extends across the length and breadth of this vast area of the continent It is an event of no small significance in modern Christian history These sermons serve to provide a witness to this remarkable phenomenon     **“The” Works of Joseph Hall** Joseph Hall,1837     *Publications of the Navy Records Society* ,1908     **News from Moscow** Simon Huxtable,2022-04-14 News from Moscow is a social and cultural history of Soviet journalism after World War II Focusing on the youth newspaper Komsomol skaia Pravda the study draws on transcripts of behind the scenes editorial meetings to chart the changing professional ethos of the Soviet journalist Simon Huxtable shows how journalists viewed themselves both as propagandists bringing the Party s ideas to the wider public but also as reformers who tried to implement new ideas that would help usher the country towards Communism The volume focuses on both aspects of the journalists role from propaganda editorials in praise of Comrade Stalin and articles lauding young heroes exploits in the Virgin Lands to

revolutionary new initiatives such as the country's first ever polling institute and clubs promoting the virtues of unfettered public debate Soviet journalism argues Huxtable was riven with an unresolvable tension between innovation and conservatism the more journalists tried to promote new innovations to perfect Soviet society the more officials grew anxious about the disruptive consequences of reform By demonstrating the day to day conflicts that characterised the press's activity and by showing that the production of Soviet propaganda involved much more than redrafting orders from above News from Moscow offers a new perspective on Soviet propaganda that expands our understanding of the possibilities and limits of reform in a period of rapid change
