few of their ships The Snakes had millions of high tech ships that carried thousands of Snake soldiers at several times the speed of light The Vlar gave the earth humans a few dozen Vlar ships The Snakes were over seven feet tall and weighed over five hundred pounds They were equipped with fangs and claws like the Tyrannosaurus rex of old earth history They liked to fight with hands or blade weapons to see the blood flow They were cannibals in addition to being carnivores They considered it honorable to eat your defeated foe and they were not above eating their own children The Snakes used massed ships in the millions to just roll over all the people they intended to conquer It was expected of any failed Snake expeditions to commit suicide The Snakes occupied over 1 400 planets and were continuing to conquer more as time went by Apparently none could stand before the Snakes Could the small blue planet called earth have a chance to survive *Rose's Notes on the United States Supreme Court Reports (2 Dallas to 259 United States Reports) Showing the Present Value as Authority of All Cases Therein Reported as Disclosed by All Subsequent Citations Since the Revised Edition ...* Walter Malins Rose,1925 **The Little Grave** Carolyn Arnold,2021-01-11 I ended up devouring the entire book in just one sitting I was completely pulled into this one and found myself completely unable to put this down Little Miss Book Lover 87 It s been five years since Detective Amanda Steele s life was derailed by the tragic death of her young daughter The small community of Dumfries Virginia may have moved on but Amanda cannot When the man who killed Lindsey is found murdered she can t keep away from the case Fighting her sergeant to be allowed to work such a personal investigation Amanda is in a race to prove that she can uncover the truth But the more she digs into the past of the man who destroyed her future the more shocking discoveries she makes And when Amanda finds the link between a silver bracelet in his possession and the brutal unsolved murder of a young woman five years ago she realizes she s caught up in something darker than she ever imagined and suspects that more girls could be in danger But as Amanda edges toward the truth she gets closer to a secret as personal as it is deadly Amanda has stumbled upon a dangerous killer and she must face some terrible truths in order to catch this killer and save his next victim as she couldn t save her own daughter A gripping page turning thriller full of mystery and suspense Perfect for fans of Rachel Caine Lisa Regan and Robert Dugoni Readers love The Little Grave Your jaw will drop I loved this book I couldn t catch my breath The ending will blow you away Had me turning pages unable to put it down What an intense ride A must read Goodreads reviewer I absolutely LOVE LOVE LOVE this book NetGalley reviewer I LOVED this book An engrossing page turner and that ending phew I didn t see that coming at all Can t wait for the next in the series NetGalley reviewer I already can t wait for the next one This one pulls you in from the very beginning The mystery is full of action and twists I absolutely did not see that ending coming Goodreads reviewer I sat with the intention of reading just a couple of chapters and ended up devouring the entire book in just one sitting I have been completely pulled into this one and found myself completely unable to put this down Little Miss Book Lover 87 Compulsive compelling and enthralling I became completely riveted Intrigue to compel you to read through the night Avid Reader s Retreat This is a fast paced unputdownable story Exciting and
