White,2018-07-10 This is a Non Fiction Book that is for ADULTS only The book is an accurate Historical rendition It is reinforced by the author s 531 days of close quarters infantry combat in the Vietnam War The introduction begins with the French Indochina War 1946 1954 followed by the US war against the Communist from 1959 until 1973 The aftermath is also included **What Really Happened: The Death of Hitler** Robert J.

Hutchinson,2020-08-04 Think You Know Everything about the death of Hitler Think Again After World War II 50 percent of Americans polled said they didn t believe Adolf Hitler and Eva Braun had committed suicide in their bunker in 1945 as captured Nazi officials claimed Instead they believed the dictator faked his death and escaped perhaps to Argentina This wasn t a crazy opinion Joseph Stalin told Allied leaders that Soviet forces never discovered Hitler s body and that he personally believed the Nazi leader had escaped justice At least two German submarines crossed the Atlantic and landed on the coast of Argentina in July 1945 Plus there were numerous reports of top Nazi officials successfully fleeing to South America where there was a large German colony Incredible as it sounds the mystery surrounding Adolf Hitler s final days only deepened in 2009 when a U S forensic team announced that a piece of Hitler s skull held in Soviet archives was not actually Hitler s International interest increased further in 2014 when the FBI released previously classified files detailing investigations surrounding Hitler s possible escape And the following year The History Channel launched a three year reality TV series investigating if it was possible Hitler did somehow survive So what really happened Popular history writer Robert J Hutchinson author of What Really Happened The Lincoln Assassination takes a fresh look at the evidence and discovers once and for all the truth about Hitler s last week in Berlin Among the questions the book explores are What did surviving Nazi eyewitnesses really say about the F hrer s final days in the bunker and could they have been lying to aid Hitler s escape If Hitler didn t escape why did the Allies not find his body What about Hitler s proven use of body doubles Could Hitler have used a body double in the bunker while he and Eva Braun flew to safety in a long range aircraft that took off from a runway in Berlin s Tiergarten Why did the FBI continue to investigate reports of Hitler s survival for more than a decade after World War II reports that were only declassified in 2014 What about sensational claims in books such as The Grey Wolf that Hitler and Eva Braun lived in an isolated chalet in the Andes and that Hitler died in 1962 Why were forensic tests on crucial physical evidence only conducted in 2016 more than 70 years after World War II ended And lots MORE **Hitler's Death**

Luke Daly-Groves,2019-03-21 A revealing look at the many conspiracy theories surrounding the death of the twentieth century s most destructive dictator Did Hitler shoot himself in the F hrerbunker or did he slip past the Soviets and escape to South America Countless documentaries newspaper articles and internet pages written by conspiracy theorists have led the ongoing debate surrounding Hitler s last days Historians have not yet managed to make a serious response Until now This book is the first attempt by an academic to return to the evidence of Hitler s suicide in order to scrutinise the most recent
