Raymond Deane, 1991 **Talking to Heaven** James Van Praagh, 1999-03-01 James Van Praagh is a spiritual medium someone who is able to bridge the physical and spiritual worlds Though unaware of his gifts until his twenties he slowly came to terms with his unique abilities Talking to Heaven explores his most revealing sessions with grieving people seeking to contact the spirits of loved ones From a devastated mother receiving a message of hope from her deceased little girl to communicating with a young man killed in Vietnam who doesn't realize he's dead Van Praagh affirms his belief in the existence of a peaceful afterlife Talking to Heaven also offers those who are grieving methods to recognize and positively deal with the pain of grief in a healthy honest manner Part spiritual memoir part case study part instrumental guide Talking to Heaven will change the way you perceive death and life On Death and Grieving Jeffrey A. Wands, 2014-04-01 Psychic medium Jeffrey Wands has spent his career trying to help people come to terms with the death of a loved one overcome their own fear of death and resolve any questions or issues they still may have about the one who has died Wands understands the pain of grieving but he also knows that the spirit lives on after the death of the physical body He helps readers make peace with the death of their loved ones through his unique ability to contact and communicate with those in spirit to deliver their messages to the living Wands understands that every death is unique and everyone grieves differently The best way to overcome grief after someone dies is to know that he or she lives on in the world of spirit and are at peace and that all he or she wants is for us to be happy and move on with our lives *Handbook of Death and Dying* Clifton D. *The Weight of the Past* M. Lambek,2016-04-30 In *The Weight of the Past* Michael Lambek explores the complex ways that history shapes constrains and enables daily life Focusing on ritual performances of spirit mediumship in a multifaceted religious landscape Lambek s analysis reveals the multiple ways that Sakalava bear history In Mahajanga Madagascar to bear history is at once a weighty obligation a creative re birthing a scrupulous cultivation and an exuberant performance of the past To bear history is to serve and to suffer it but also to be informed enlightened and sanctified Royal ancestors emerge in spirit mediums to comment on the present from multiple voices and generate a refracted ironic historical consciousness This book describes the division of labour creative production poiesis and ethical practice phronesis entailed in imagining embodying and serving the past It is at once a vivid ethnography of Sakalava life and a significant intervention in anthropological debates on culture and history structure and practice advocating a theoretical approach informed by Aristotelian categories of understanding Ethnographically rich and engagingly written this book will be essential reading for courses in the anthropology of religion ritual or historical consciousness

Cesare Lombroso,1909 *The Medium Explosion: A Guide to Navigating the World of Those Who Claim to Communicate with the Dead* Robert Ginsberg,2020-12-28 The appearance of mediums those who claim to be able to communicate with the dead is not a recent phenomenon Mediums have been practicing since the late 1800s and in the Victorian Era had a strong presence throughout the United States and the world However we have never seen the sheer number of such practitioners that exist

today The media has contributed to this proliferation as TV shows and films involving paranormal and spiritual themes have enjoyed great success But there is a problem The overwhelming majority of mediums today cannot do what they claim Some are frauds others are inexperienced and many delude themselves into believing that they have such ability These practitioners have no business sitting with the bereaved and they can do great harm On the other hand there are some mediums that truly can speak to the dead do so at a very high level of accuracy and provide an invaluable service to those who have suffered the loss of a loved one This book provides a guide for all those who have either sat with a medium or intend to do so You will learn what to expect how to evaluate the information that you are told and how mediums operate The author includes commentary on evidence for life after death and includes personal accounts that are backed up by research
