

A woman in a long, black, flowing dress stands in a desolate, ancient landscape. She is positioned in the foreground, looking towards the right. The ground is sandy and littered with large, dark rocks. In the background, there are several tall, weathered stone columns and a large, partially ruined structure. The sky is a dramatic, fiery orange and red, suggesting a sunset or a fire. The overall atmosphere is one of mystery and horror.

Death on Sacred Ground Harriet K. Feder,2013-08-01 In the deep woods of Pikes Landing New York on a Seneca reservation a girl is found murdered with an arrow through her heart When they hear about the shocking death Vivi and her father Rabbi Hartman find themselves in the middle of a mystery There they find a violent standoff between the local townsfolk and the Seneca The death of the girl may not be what it seems and strange events keep happening Unsure of who to trust Vivi searches for the solution to the disturbing death but finds danger instead *Death on Sacred Ground* Kathie Deviny,2020-12-08 *Death's Bright Angel Part Three: A Bridge Across Forever* Marion Earl MacKenzie,2024-06-03 A Bridge Across Forever sequel to Death s Bright Angel Part Two Sacred Ground is the final installment in the Sacred Ground Trilogy There are two separate time lines As the story opens it is 2019 and Dr Glen Abbott has traveled to Scotland to meet with Mairi Lea Hartford at the insistence of Gaia Magni the Supreme Spiritual Being charged with restoring harmony and balance to Nature and preventing a Sixth Extinction Level Event ELE Gaia Magni has taken control of Earth She is prepared if necessary to wipe humanity from the face of the Earth in order to protect the millions of other species in the Biosphere But Earth has lost her resiliency and Gaia Magni is forced to adopt extreme measures in order to save Nature and humanity She seeks help from the late John Hartford the brilliant theoretical physicist assassinated in 1983 by the Soviet Union Gaia Magni requires Hartford s unique understanding of quantum theory to build a Galactic Bridge that will link Earth with Echo the new world she has created 70 000 light years across the galaxy Echo is humanity s last chance to live in harmony and balance with Nature But a visit to an Alternate Reality reveals a devastating future for Earth The Doomsday Clock is ticking and it is a race against Time to save the Biosphere In the alternate reality of 2017 Glen Abbott s relationship with Virginia Montgomery is failing She suffers from a retrograde amnesia that has left her without any emotional connection to her daughter or husband Their marriage is on the rocks and he fears he has lost his chance to reclaim the love and contentment they had enjoyed before her death in 2018 In desperation he tells her the truth that he is from the future and that their daughter Hannah will evolve into Gaia Magni upon her Ascension But can Montgomery who has her own demons to contend with believe him Trust him Ever love him again The Politics of Haunting and Memory in International Relations Jessica Auchter,2014-03-21 International Relations has traditionally focused on conflict and war but the effects of violence including dead bodies and memorialization practices have largely been considered beyond the purview of the field Drawing on Jacques Derrida s notion of hauntology to consider the politics of life and death Auchter traces the story of how life and death and a clear division between the two is summoned in the project of statecraft She argues that by letting ourselves be haunted or looking for ghosts it is possible to trace how statecraft relies on the construction of such a dichotomy Three empirical cases offer fertile ground for complicating the picture often painted of memorialization Rwandan genocide memorials the underexplored case of undocumented immigrants who die crossing the US Mexico border and the body ruins nexus in 9 11

memorialization Focusing on the role of dead bodies and the construction of particular spaces as the appropriate sites for memory to be situated it offers an alternative take on the new materialisms movement in international relations by asking after the questions that arise from an ethnographic approach to the subject viewing things from the perspective of dead bodies who occupy the shadowy world of post conflict international politics This work will be of great interest to students and scholars of critical international relations security studies statecraft and memory studies
