Death Storm:

Theodor Storm's Novellen E. Allen McCormick,2020-05-01 These six essays elucidate some of the more significant aspects of Storm's literary technique The treatments of some of Storm's Novellen including *Am Kamin* *Aquis Submersus* and two versions of *Immensee* show how Storm used structure symbolism elements of tragedy and other narrative devices in his prodigious body of works of German Realism

Theodor Storm's Craft of Fiction Clifford A. Bernd,2020-05-01 Bernd's study shows how Storm's Novellen are made purposeful by the operations of a fictional intelligence haunted by the fear of passing time The author challenges the traditional belief that Storm's narratives are products of a sentimental mind No other discussion of Storm's tales be it analysis of an individual narrative or collective treatment of several or all of them seeks to interpret them with such specific emphasis upon their fictional omniscient narrator This concentration on the fictional narrator also leads into a study of Storm's subjective narrative form
