*God's Amazing Grace: Reconciling Four Centuries of African American Marriages and Families* Terry M.

Turner, 2017-12-18 *God's Amazing Grace Reconciling Four Centuries of African American Marriages and Families* is an insightful study that will be welcomed by thoughtful practitioners and all who ponder the African American family's complexity. Readers familiar with the deep rich reservoir of African American family literature will recognize many of the black scholars referenced in this work. Readers unfamiliar with these sources will be grateful to discover them and the effective use of disparate literature. This work will become a different kind of guide for studying American history through the lens of the African American family. Underneath all the research is the search for answers to the compelling questions: Is there a correlation between slave owners' denial to slaves, God's design for the family and the familial chaos that has plagued African American families for more than a hundred fifty years? And if there is connection, what is it? The author has brought something new to a familiar topic of discussion: the Bible. The unique moral compass that steered this study is solidly anchored in the bedrock of holy scripture. In this work, the history and sociology of African American marriages are examined in light of the questions asked by Holy Scripture. In so doing, Dr. Turner skillfully attempts to help readers make sense of the story of black families in America. May this book mark the beginning to a new reality for African American families.

Dr. Willie Peterson, senior executive advisor, adjunct professor of Pastoral Ministries, Dallas Theological Seminary. *Books in Print Supplement*, 1994.

*History on Trial* Gary B. Nash, Charlotte Antoinette Crabtree, Ross E. Dunn, 2000. An incisive overview of the current debate over the teaching of history in American schools examines the setting of controversial standards for history education, the integration of multiculturalism and minorities into the curriculum, and ways to make history more relevant to students. **History Teaches Us to Hope** Charles Roland, 2010-09-12. Before his death in 1870, Robert E. Lee penned a letter to Col. Charles Marshall in which he argued that we must cast our eyes backward in times of turmoil and change, concluding that it is history that teaches us to hope. Charles Pierce Roland, one of the nation's most distinguished and respected historians, has done exactly that, devoting his career to examining the South's tumultuous path in the years preceding and following the Civil War.

*History Teaches Us to Hope: Reflections on the Civil War and Southern History* is an unprecedented compilation of works by the man the volume editor John David Smith calls a dogged researcher, gifted stylist, and keen interpreter of historical questions. Throughout his career, Roland has published groundbreaking books, including *The Confederacy* (1960), *The Improbable Era: The South since World War II* (1976), and *An American Iliad: The Story of the Civil War* (1991). In addition, he has garnered acclaim for two biographical studies of Civil War leaders: *Albert Sidney Johnston* (1964), a life of the top field general in the Confederate army, and *Reflections on Lee* (1995), a revisionist assessment of a great but frequently misunderstood general.

The first section of *History Teaches Us to Hope: The Man, The Soldier, The Historian* offers personal reflections by Roland and features his famous GI Charlie speech. *A Citizen Soldier Recalls World War II Civil War*

related writings appear in the following two sections which include Roland's theories on the true causes of the war and four previously unpublished articles on Civil War leadership. The final section brings together Roland's writings on the evolution of southern history and identity, outlining his views on the persistence of a distinct southern culture and his belief in its durability. *History Teaches Us to Hope* is essential reading for those who desire a complete understanding of the Civil War and southern history. It offers a fascinating portrait of an extraordinary historian. **Resources in Education**, 1981
