Berserker Base:

The Gods Laughed Poul Anderson,1985 **Berserker Base** Fred Saberhagen,1985 **Berserker Base** Poul Anderson,Larry Niven,Fred Saberhagen,Edward Bryant,1987-06-01 This collaborative novel by seven noted science fiction and fantasy authors pits Lars Kanakuru and a handful of other Berserker prisoners against the entire Berserker fleet whose mission is to destroy all life *Rogue Berserker* Fred Saberhagen,2020-08-15 Berserkers are self replicating killer machines programmed by an ancient race to be the ultimate weapon of war Something went wrong The weapons now plagued the universe following a single mandate kill all life especially earth descended human life Harry Silver spaceman extraordinaire has a well earned reputation as the galaxies most successful Berserker fighter However recently during a battle with Berserkers he lost his beloved starship The Witch of Endor Mr Cheng one of the universes wealthiest businessmen is offering Harry the ship of his dreams if Harry will undertake an almost certainly suicidal hostage rescue mission Harry is reluctant until he learns his wife and son may be among the hostages On his mission Harry encounters a number of humans and machines whose ethical programming has gone astray Battles of wit and cunning accompany Harry s struggles

Berserker Base Paul Anderson,1990 **Berserker's Star** Fred Saberhagen,2020-01-24 Independent pilot and sometime berserker hunter Harry Silver is being hounded by the Space Force on suspicion of possession of an illegal high powered weapon To avoid confiscation of his beloved ship the Witch Harry agrees to a quick evacuation of a trio of refugees from the doomed Hong s World Destination Maracanda an azlaroc type body a curious non planet where geography seems more like geometry and the soil itself can be a drug Maracanda s geography has the attention of berserkers rogue killer machines programmed to destroy all life especially human life With help from goodlife the berserkers could turn the strange combination of neutron star black hole and Maracanda s extra ordinary geography into massive galactic destruction Harry teams with a woman disenchanted with her fanatical husband and an accidentally helpful smuggler acquaintance in an attempt to save the galaxy A grand military space story with engaging characters and a strikingly original and imaginative setting *Berserker's Planet* Fred Saberhagen,2020-01-18 Five hundred years have passed since the combined fleets of humanity met and broke the berserker armada at Stone Place Though the human victory was total one of the killer machines weaponless its star drive a ruin managed to limp to secret sanctuary on a planet called Hunter s World Over the years since then a new cult has arisen there a cult dedicated to Death as the only and ultimate Good For Hunter s World has become Berserker s Planet The great Game of elimination is on **Berserkers The Early Tales** Fred Saberhagen,2021-06-09 These are the first stories of humanities fight against the life destroying Berserker machines Programmed to destroy all life the Berserkers threaten the very universe Only one form of life humanity is uniquely qualified to take on the machines Meet Berserker hunter extraordinaire Johann Karlsen and his evil brother Felipe Nogara and other gallant fighters of the killer machines Not satisfied with efforts to destroy all life in present time the Berserkers devise a way to penetrate human history

The death dealing machines pinpoint key personalities in human history for destruction When and if they succeed human progress is set back perhaps thousands of years Humanity has an answer On the planet Sirgol the only planet in the galaxy where time travel is possible an elite corps of Berserker hunters struggle to derail the Berserkers efforts Lieutenant Derron Odegard of Time Ops faces death dealing time traveling Berserkers in three exciting adventures Stone Man Winged Helmet and Brother Berserker A collection of fifteen of Saberhagen s Berserker short stories previously published as Berserker and Berserker Brother Assassin plus and introductory essay by Saberhagen Berserkers for Fun and Profit **Berserkers The Later Tales** Fred Saberhagen,2021-06-10 Across galactic timelines and landscapes earth descended humanity continues the fight against non living life hating Berserkers Along with powerful allies of plants sea creatures computerized personalities mythic men and a fictional detective life struggles against its unliving foe In cleaver hands even the foibles of human personalities can be used against the unliving Berserker foe Berserkers are automated warships made by an unknown race to fight in an interstellar war that had been over ages since they have outlasted their original enemies and their makers as well having been programmed and equipped to rebuild and reproduce themselves Still trying to carry out their originally programmed task they made age long progress across the spiral arms leaving nothing living in their wake This volume of fourteen tales together with the Berserkers The Early tales constitute a complete collection of Saberhagen authored Berserker stories The stories The Bad Machines and Servant Of Death have not appeared previously in any Saberhagen collection **Shiva in Steel** Fred Saberhagen,2020-01-24 Seeking the contraband he and his separated partner Becky Sharp have hidden Harry Silver and his beloved ship the Witch Of Endor become stranded on a mysterious minor planet of a binary star system The planet s only inhabitants are a military installation purportedly maintaining a weather station An old acquaintance Claire Normandy commands the base Claire s base is more than a weather station as the biggest baddest berserker Shiva has discovered Shiva plans destruction of the base and all life on the planet Harry Becky Claire and others on the side of humanity must defeat Shiva the god of death or die Others oddly on the side of life include a mad leader of a religious cult a psychotic serial killer and a pig headed military commander bent on a suicidal plan of attack Another action filled adventure in the on going struggle against the life destroying berserkers Magill's Guide to Science Fiction and Fantasy Literature: The absolute at large ,1996 These four volumes cover 791 books or series 238 of them published during the 1980s and 1990s the entries are 1 000 words long for single books and 1 500 for series with a one sentence summary beginning each entry followed by bibliographical information Volume 4 contains an extensive bibliography of critical works on science fiction and fantasy a list of major award winners a genre index Booklist Magill's Guide to Science Fiction and Fantasy Literature T.
