Amberlyn,2017-10-17 In this step by step guide J C Amberlyn combines her love of cats with her beautiful detailed drawing style in order to teach beginning artists to draw many different breeds of cats and kittens in pencil and pen and ink Cats are creatures of beauty and mystery They live among us but have never quite been tamed drawing the ire of some and the admiration of others They keep rodents away from our homes and offer purring companionship for those they have deemed worthy of their attention The feline form exudes grace and flexibility and can be a joy to draw How to Draw Cats and Kittens continues a rich tradition of cats in art Covering all the most popular types of cats as well as kittens this book gives easy to follow instructions for drawing cats in many poses and a variety of expressions Amberlyn includes basic information on art materials and the fundamental mechanics of drawing so

that even beginners will feel confident and successful as they learn to produce highly detailed lifelike drawings of their fluffy companions

**Cat Care** Beverly Hill,2016-01-12 This book will provide some tips to make your life easier in the following ways Reduce your fear of cat preying on other pets increase your pleasure by showing off your pet's tricks remove need to get rid of your houseplants prevent scratches on your lovely furniture prevent embarrassment of smelly carpet from pet urination increase petting pleasure decrease need to listen to cat's meow Even though cats are fairly hearty and healthy they do require some basic care This includes looking after their emotional health as well as their physical wellbeing With just a little bit of practice caring for your cat can be enjoyable as well as rewarding If you're thinking about adopting a pet and considering your new family member to be a cat you need to know the basics of how to take care of a cat People who have busy lifestyles might prefer a cat rather than a dog because they require less attention than dogs However all animals need a certain amount of proper care to be healthy and happy and before you bring your new kitten home you must learn what the cat will need Cats are good pets to keep at home as they are not as messy as some pets People find cats more adorable than dogs as they do not have that distinct smell of canines and they are smaller in nature Although taking care of cats is quite similar to dogs cat care methods might be a little complicated in some terms and these minute details make all the difference In comparison to dogs cats are quite fussy when it comes to food This is because unlike dogs their digestive systems have limitations aside from having smaller stomachs These felines have a great tendency to have allergic reactions to foods such as beef and dairy products eggs and sometimes vitamin supplements Cat owners need to begin to train their kittens as soon as you bring them home The earlier you begin to train your pet the better it will be for your household

*Caring for Kittens* Elizabeth James,2010-05-12 Caring for kittens and how to look after a kitten or cat can be a daunting task without guidance This book will take you every step of the way from learning about the best way to buy a cat or kitten how to choose the right kitten for you and your household through to looking after a kitten at home how to make the house kitten proof what they eat how to deal with their behaviour and so on This is a thorough guide for a new kitten owner but is also an important book for anyone thinking of getting a kitten and wondering what was involved
