## Condi Vs Hillary:

Condi vs. Hillary Dick Morris, Eileen McGann, 2009-03-17 Who will be president in 2008 Many believe that the White House is Hillary Clinton's to lose As long time strategists Dick Morris and Eileen McGann reveal in Condi vs Hillary however Hillary's plans for higher office are vulnerable to a challenge from a most unexpected quarter the Bush administration's secretary of state and former national security advisor Condoleezza Rice Rice is the only figure on the national scene who has the credentials the credibility and the charisma to lead the GOP in 2008 And as this first book on the subject demonstrates a race between these two commanding but very different women is a very real possibility and would inevitably prove one of the most fascinating and important races in American history Blending insider insight and political foresight Condi vs Hillary surveys the strengths and weaknesses of the two candidates finding persuasive clues about what we might expect from each of them as a chief executive It traces their very different childhoods Hillary Rodham's in unchallenging suburban comfort Condi Rice's in Birmingham Alabama during the civil rights era and finds in each the roots of their latter day selves It explores their career in public life Hillary's as an ambitious liberal who attached herself to a governor on the rise Condi's as a woman of broad and deep talents who has earned her own way It turns a discerning eye on how each has spent her time in government contrasting Condi's growth and maturation in office with Hillary's record of underachievement as both first lady and senator from New York And it reveals how a draft Condi movement could sweep the secretary of state into the presidency even as she forgoes campaigning to address her responsibilities as secretary of state America in short may be on the verge of a perfect storm of twenty first century politics pitting two of America's most popular and controversial women against each other and offering Americans a choice between fulfilling the ambitions of one of our most polarizing figures or changing history by electing not just the first woman but also the first African American woman to lead the free world into the future

**The iPINIONS Journal** Anthony Livingston Hall, 2006-04-11 Imagine the informed Thomas Friedman of the *The World is Flat* the provocative Christopher Hitchens *The Trial of Henry Kissinger* and the witty Maureen Dowd *Bush World* producing daily commentaries on international current events And that is what Anthony Livingston Hall author of the *The iPINIONS Journal* weblog offers in this riveting review of the major events of 2005 So if you're tired of partisan talking points masquerading as informed debate this book is your refuge from those screaming pundits and political hacks This book is your opportunity to be provoked into thinking about the important events of our time from an objective and rational perspective Hall's refreshing world stems from his Caribbean heritage American education and genuine compassion all of which are reflected in his insightful articles

*Sexual Decoys* Zillah Eisenstein, 2008-02-29 In this book Zillah Eisenstein continues her unforgiving indictment of neoliberal imperial politics She charts its most recent militarist and masculinist configurations through discussions of the Afghan and Iraq wars violations at Guantánamo and Abu Ghraib the 2004 US Presidential election and Hurricane Katrina She warns that women's rights rhetoric is being manipulated particularly by

Condoleezza Rice and other women in the Bush administration as a ploy for global dominance and a misogynistic capture of democratic discourse However Eisenstein also believes that the plural and diverse lives of women will lay the basis for an assault on these fascistic elements This new politics will both confound and clarify feminisms and reconfigure democracy across the globe

**Shaded Canvas** Isis I.,2007-10 *Fleeced* Dick Morris,Eileen McGann,2009-10-06 Here are the facts The United States has released 425 terrorists from Guant namo at least 50 of whom have returned to the battlefield to fight our troops Barack Obama and Hillary Clinton both say they re fiscally responsible But each has called for 1 trillion in tax increases over the next ten years and dressed them up as tax cuts Mainstream Media has been given marching orders from the Society of Professional Journalists never refer to Islamic terrorists or Muslim terrorists And they are obeying Whenever our brave agents disrupt a terror plot The media dismisses the culprits as a gang of idiots lulling us into a false sense of security If the liberals win the 2008 election they will cripple talk radio forcing stations to give equal time to left wing programs and insisting that liberals play a key role in station management Up to a quarter of all state pension funds in the United States are invested in companies that are helping Iran Syria North Korea or the Sudan for a total of nearly 200 billion The Do Nothing Congress is still doing nothing and the worst offenders are the presidential candidates Clinton Obama and McCain who never show up for their day jobs as senators except to pick up their 165 000 paycheck Is it any wonder that Americans feel fleeced at every turn As more and more critical problems develop that need national attention the White House and Congress appear to be AWOL Who s calling the shots instead Big business big government big labor and big lobbyists And their self serving agendas are doing nothing to help the ever increasing number of American people who are losing their homes paying credit card interest rates higher than 25 percent and finding their jobs increasingly outsourced to foreign countries In this hard hitting call to arms Dick Morris and Eileen McGann reveal the hundreds of ways American tax payers are routinely fleeced by our own government by foreign countries like Dubai that are gobbling up American interests and spending millions to influence government decisions and American public opinion by Washington lobbying firms that are pushing the agendas of corrupt foreign dictators on Capitol Hill and by hedge fund billionaires collecting huge tax breaks courtesy of the IRS With their characteristic blend of sharp analysis and insider insight Morris and McGann call offenders of all kinds on the carpet and offer practical agendas we all can follow to help turn the tide

**Outrage** Dick Morris,Eileen McGann,2009-10-13 Half of all illegal immigrants came into this country legally and we have no way of knowing they re still here Congressmen are putting their wives on their campaign payrolls so that campaign contributions are really personal bribes The ACLU won t allow its own directors free speech Liberals want to strip us of the tools to stop terrorism The UN is a cover for massive corruption and eighty countries who pay 12 percent of the budget are blocking reform Drug companies pay off doctors to write scripts whether we need them or not Teachers unions block the firing of bad teachers and battle against higher education standards Katrina victims are being stiffed by their insurance companies Special interests cost our

consumers 45 billion through trade quotas that save only a handful of jobs Never heard of these abuses You won't in the mainstream media That's why Dick Morris and Eileen McGann wrote *Outrage* Their proposals Ban immigration from terrorist countries Ban Congress putting spouses on their payroll Ban lobbyists who are related to senators or congressmen Ban nicotine additives to cigarettes Ban trade quotas that drive up prices and save few jobs Ban drug company bribes to doctors Ban teachers unions work rules that stop education reform Ban insurance companies from backing out on Katrina coverage In *Outrage* you'll get the facts and learn what we can do about them You won't read about these outrages anywhere else too many people are working hard to cover them up Get them here instead and learn how to fight the special interests of the left and right

*Rethinking Madam President* Lori Cox Han, Caroline Heldman, 2007 From the political rumormongering to pop culture all signs suggest that the United States is finally ready for a woman in the White House This text offers a critical assessment of the inroads made by female candidates into the previously male bastion of electoral success

**Before the Oath** Martha Joynt Kumar, 2015-06-30 Having watched from a front row seat as many incumbent and electoral campaign presidential teams managed administration transitions Martha Kumar was struck by how productively the Bush and Obama teams worked together to effect a smooth transition of power in 2008 She has reflected upon what made the transition so effective and wonders if it could be a model for future incoming and outgoing administrations This book focuses on the preparations made by President Bush's transition team as well as those by Senators Obama and McCain as one administration exited and the other entered the White House Using this recent transition as a lens through which to examine the presidential transition process Kumar simultaneously outlines the congressional legislation that paved the way for this distinctive transition and interweaves comparative examples from previous administrative transitions going back to Truman to Eisenhower She evaluates the early and continuing actions by the General Services Administration to plan and set up transition offices the work on financial disclosure issues handled by the Office of Government Ethics and the Office of Management and Budget's preparatory work In this fascinating historical and contemporary vivisection of presidential transitions Kumar maps out in the words of former NSA advisor General James L Jones the characteristics of a smooth glide path for presidential campaign staffs and their administrations
