

# Course Style Guide

---

Please use this style guide for all of your practice files.

## **Page Formatting:**

Please use the templates that we have provided unless otherwise noted. If for some reason the formatting gets altered, use Times New Roman, 12-pt font with single spacing. If the file has more than one speaker, add 1" left indent. Please put one space between sentences, not two spaces.

## **Paragraphs:**

Each paragraph should start on a new line, with a one-line break between it and the previous paragraph. Paragraphs should contain between three to five sentences, depending on the length of the sentences. Each speaker should be a new paragraph.

## **Single Speaker Files:**

For single-speaker files, do not indent the text or add speaker tags. Again, keep the paragraphs to three to five sentences.

## **Multiple Speaker Files:**

When there is more than one speaker, indent and label each speaker with a colon. Try to be as specific with your labeling as possible. Use the speaker's name, if given, in the file name or spoken in the audio. If there is no speaker name given, use Interviewer/Interviewee where applicable. If there is more than one interviewer/interviewee, label Interviewee 1, Interviewee 2, etc. in the order that they speak. You may also use Male/Female for non-tracked group files.

## **Verbatim and non-verbatim**

### **Clean Verbatim:**

The majority of our files are clean verbatim which means that we take out *uh*, *um*, non-relevant *like* and *you know*, and stutters.
