

DEMOCRACY

Democracy is a system of government where power is vested in the people, who have the right to elect their leaders and participate in decision-making processes.

OVERVIEW

Democracy is characterized by the principles of political equality, majority rule, and protection of individual rights and freedoms. In a democratic society, citizens have the opportunity to express their opinions, engage in public debate, and hold their elected representatives accountable.

Democratic systems emphasize the importance of the rule of law, where laws apply equally to everyone.

EXAMPLES

- **Presidential Elections:** Elections of presidents is another core feature of many democratic systems. This occurs, for example, in the USA and France.
- **Referenda:** A referendum is a form of direct democracy where an entire electorate is invited to vote on a specific proposal.
