Ethnic Conflict to Stillborn Reform Shale Horowitz, 2005-04-27 From *Ethnic Conflict to Stillborn Reform* is the first complete treatment of the major post communist conflicts in both the former Yugoslavia Bosnia Herzegovina Croatia and Serbia and the former Soviet Union Armenia Azerbaijan Georgia Moldova and Tajikistan It is also the first work that focuses not on causes but rather on consequences for democratization and market reform the two most widely studied political outcomes in the developing world Building on existing work emphasizing the effects of economic development and political culture the book adds a new comprehensive treatment of how war affects political and economic reform Author Shale Horowitz employs both statistical evidence and historical case studies of the eight new nations to determine that ethnic conflict entangles distracts and destabilizes reformist democratic governments while making it easier for authoritarian leaders to seize and consolidate power As expected economic backwardness worsens these tendencies but Horowitz finds that powerful reform minded nationalist ideologies can function as antidotes The comprehensiveness of the treatment use of both qualitative and quantitative analysis and focus on standard concepts from comparative politics make this book an excellent tool for classroom use as well as a ground breaking analysis for scholars
