Dictionary Of Opera:

The New Grove Dictionary of Opera: E-Lom Stanley Sadie,1998 **The New Grove Dictionary of Opera: E-Lom** Stanley Sadie,1992 Alfabetisk ordnet opslagsv rk over operaer operasangere librettoforfattere dirigenter operahuse og steder **The Concise Oxford Dictionary of Opera** Harold D. Rosenthal,John Warrack,1979 Contains entries on individual operas composers librettists singers conductors technical terms and other subjects connected with opera **New Grove Dictionary of Opera** ,1999 The Oxford Dictionary of Opera John Warrack,Ewan West,1992 From Aachen a city launching much young talent to Zwischenspiel the usual German term for intermezzo this new reference contains some 4 500 entries including 750 on opera composers with bibliographies 600 on individual operas 900 biographies of singers and 350 entries of specialist terms along with hundreds covering directors conductors scenes writers critics A pleasing 782 pages lots of detail covering all aspects of the historical development and present standing of opera appropriate for virtually all libraries Annotation copyright by Book News Inc Portland OR *The New Grove Dictionary of Opera* Stanley Sadie,1997 *A Dictionary of Opera and Song Themes* Harold Barlow,Sam Morgenstern,1976 First published as A dictionary of vocal themes

Historical Dictionary of Opera Scott L. Balthazar,2013-07-05 Opera has been around ever since the late 16th century and it is still going strong in the sense that operas are performed around the world at present and known by infinitely more persons than just those who attend performances On the other hand it has enjoyed periods in the past when more operas were produced to greater acclaim Those periods inevitably have pride of place in this Historical Dictionary of Opera as do exceptional singers and others who combine to fashion the opera whether or not they appear on stage But this volume looks even further afield considering the cities which were and still are opera centers literary works which were turned into librettos and types of pieces and genres While some of the former can be found on the web or in other sources most of the latter cannot and it is impossible to have the whole picture without them Indeed this book has an amazingly broad scope The dictionary section with about 340 entries covers the topics mentioned above but obviously focuses most on composers not just the likes of Mozart Verdi and Wagner but others who are scarcely remembered but made notable contributions Of course there are the divas but others singers as well and some of the most familiar operas Don Giovanni Tosca and more Technical terms also abound and reference to different genres from antimasque to zarzuela Since opera has been around so long the chronology is rather lengthy since it has a lot of ground to cover and the introduction sets the scene for the rest This book should not be an end but rather a beginning so it has a substantial bibliography for readers seeking more specific or specialized works It is an excellent access point for readers interested in opera **The Concise Oxford Dictionary of Opera** Harold Rosenthal,John Warrack,1987 **Historical Dictionary of Opera** Scott Leslie Balthazar,2013 The information in the Historical Dictionary of Opera will help the reader identify central figures works concepts and trends in the history of opera through selectively chosen entries that provide essential information and integrate that content within

broad social or stylistic narratives This is done through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross referenced dictionary entries on important persons composers individual keystone operas cities and terms This book is a vital reference tool for students teachers and to all opera lovers performers and composers who seek information about the development of the genre

Concise Oxford Dictionary of Opera John Hamilton Warrack,1979

The Concise Oxford Dictionary of Opera John Warrack,Ewan West,1996-03-07 Derived from the full Oxford Dictionary of Opera this is the most authoritative and up to date dictionary of opera available in paperback Fully revised for this new edition with over 3 500 entries it is designed to be accessible to all those who enjoy opera whether at the opera house or on record Composers and their works Singers and their notable performances Plot summaries and separate entries for well known roles arias and choruses Leading conductors producers and designers Opera companies and festivals
