# Dictionary Of Comparative Religions

**Donald Wiebe**

## Dictionary Of Comparative Religions:

**A Dictionary of Comparative Religion** ,1988      **The Concise Dictionary of Religion** Irving Hexham,1993-12

International bibliography of comparative religion in dictionary order Tadeusz Margul,1984      **A New Dictionary of**

**Religions** John R. Hinnells,1995 This dictionary is a thoroughly revised and expanded edition of the book published in 1984 as the Penguin Dictionary of Religions It has undergone substantial change and considerable expansion doubling the number of contributors from all parts of the world In the study of religions substantial changes have occurred in the last decade and these are reflected in the book with new sections on Afro Caribbean religious movements changes in North America traditional religions in Latin America and new movements in Japan The dictionary also addresses broad thematic issues migration and diaspora gender and sexuality mysticism and pilgrimage Recent advances in scholarship are included and notable revisions or new commissions cover Hindus Buddhism Early Christianity Jains Gnostics and New Religious movements in the West Established in its previous edition as the standard reference work for students and teachers of the world s religions this newly revised and expanded edition is an essential reference source It has a full bibliography index and synoptic index as well as numerous maps and diagrams      *A Dictionary of All Religions and Religious Denominations* Hannah Adams,1992 This is a facsimile of the 1817 fourth edition of Hannah Adams s pioneering harbinger of the scholarly study of religion The book surveys the diversity of religion mostly of historical and contemporary Christian sects and movements but with significant inclusions of Jewish Muslim and heathen religious groups Adams s particular contribution was the self conscious effort to treat all religious groups on the same level and to avoid explicit or implicit judgments She preferred to use self descriptions where she had them It is this non normative approach that gives the book its historical value Thomas Tweed s introduction discusses Adams s life and sets her and her book usefully in their context He includes a helpful guide to the key entries      *A Dictionary of All Religions and Religious Denominations, Jewish, Heathen, Mahometan and Christian, Ancient and Modern* Hannah Adams,1817      *Dictionary of Religion and Philosophy* Geddes MacGregor,1989 Reflected in the more than three thousand entries in this reference work is the rigorous professional training and the maturity of a lifetime of learning by an eminent scholar Through judicious selection Professor MacGregor has produced an essential and highly accessible reference book While no dictionary can pretend to cover every conceivable aspect within its field the scope of this one makes it a unique desk companion for students at every level of religious studies In addition to its extensive presentation of religious and philosophical ideas of the Judeo Christian heritage the Dictionary of Religion and Philosophy also treats vast numbers of concepts that span philosophical and religious ideas from Egyptian and Indian antiquity to the Bogomils and the Druze from the Zoroastrians to contemporary movements as diverse as scientology and the Rastafarians from Neoplatonism to the Vienna circle from the varieties of Buddhism to the schisms in Islam from bioethical questions in ancient India to contemporary American discussions on euthanasia All told this is the most expansive one volume

desk reference work available for religious studies Extensive bibliographies organized by subject at the end of the book further its value as a reference work *Merriam-Webster's Encyclopedia of World Religions* Merriam-Webster, Inc,1999 Contains 3 500 alphabetically arranged entries that provide information about various aspects of the world s religions features thirty in depth discussions of major religions and includes illustrations and maps *Historical Dictionary of New Religious Movements* George D. Chrystides,2011-11-25 New religious movements commonly known as cults are defined as organizations that have arisen within the last 200 years Most treatments of these movements have typically resorted to sensationalism rather than objectivity and New religious movements tend to receive negative media publicity Despite their unfavorable portrayal in popular culture however new religious movements are a global phenomenon and much remains to be studied about these movements In this newly updated second edition of the Historical Dictionary of New Religious Movements George D Chrystides traces the rise and development of new religious movements throughout the world An updated introduction summarizes the phenomenon of new religious movements and lays out the changes to the dictionary since the 2001 edition while the main body of the dictionary consists of close to 600 cross referenced entries on key figures ideas themes and places related to various new religious movements An index organizes the information in the dictionary and a comprehensive bibliography leads the researcher to further sources This book is an excellent access point for students researchers and anyone wanting to know more about new religious movements *Dictionary of All Scriptures and Myths* G. A. Gaskell,2012-04-01 *The Oxford Dictionary of World Religions* John Bowker,1997 IThe Oxford Dictionary of World Religions is an exceptionally wide ranging A Z reference guide to the history beliefs dogmas practices individuals customs and artifacts of the worlds religions past and present As well as detailed information on individual religious traditions there are fascinating general entries on common topics such as prayer ethics asceticism confession cosmology art and architecture and music **A Dictionary of All Religions and Religious Denominations, Jewish, Heathen, Mahometan, and Christian, Ancient and Modern** Hannah Adams,2016-09-10 Excerpt from A Dictionary of All Religions and Religious Denominations Jewish Heathen Mahometan and Christian Ancient and Modern With an Appendix Containing a Sketch of the Present State of the World as to Population Religion Toleration Missions Etc And the Articles in Which All Christian Denominations Agree Besides the public worship of the gods to which all without exception were admitted there were certain reli gions rites celebrated in secret by the Greeks and several eastern countries to which a small number was allowed access These were called mysteries fl And persons who desired an initiation were obliged previously to exhibit satisfactory proofs of their fidelity and patience by pass ing through v tli iohs trials and ceremonies of the most dis agreeable kind The secret of these mysteries was kept in the strictest manner as the initiated could not reveal any thing that passed in them without exposing their lives to the most imminent danger About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work

Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [Concise Dictionary of Religion](#) ,1999 **A Dictionary of All Religions and Religious Denominations** Hannah Adams,1817 [What is Religion?](#) Idinopulos,Brian C. Wilson,2018-09-24 What is Religion consists of fourteen essays written by a selection of scholars who represent a wide spectrum of approaches to the academic study of religion Each of the essays is an effort not only to take stock of the present controversy concerning appropriate methodologies for the study of religion but also to take one giant step beyond that to formulate a precise definition of religion Given the considerable confusion today about what it is exactly that religious studies scholars take to be their subject matter when they presume to professionally teach about religion this volume provides a much needed forum for leading scholars to debate and clarify what professors of religious studies understand as the central object or objects under their scrutiny [Dictionary of Philosophy and Psychology: List of collaborators ; Editor's preface ; Table of contents ; Abbreviations ; Text, A-Laws](#) James Mark Baldwin,1901 **The Science of Religion: A Defence** Donald Wiebe,2018-10-16 Donald Wiebe Professor of Philosophy of Religion at Trinity College University of Toronto has spent much of his academic career arguing for a clear demarcation between Theology and Religious Studies The Science of Religion A Defence offers a brilliant overview of Professor Wiebe s contributions on methodology in the academic study of religion of the development of his thinking over time and of his intellectual commitment to a science of religion The work is divided into three parts The first part identifies pertinent connections between religion religious studies and science and why reductionism in the academic study of religion when properly applied can bridge the explanatory gap between the sceptic and the devotee The second part treats conceptual debates in the academic study of religion with particular reference to the place of belief understanding and meaning in the modern study of religion The third part addresses the theological resistance to the scientific study of religion and how that resistance can be overcome Finally two new essays are included a critique on The Preconceptions of a Science of Religion by Anthony J Palma and an accompanying reply by Donald Wiebe The Science of Religion A Defence is an essential resource for both scholarly and non scholarly audiences alike and will be of particular interest to both defenders and critics of a scientific study of religion **The Journal of Religion** ,1922 Includes section Book reviews **Dictionary of Philosophy and Psychology** James Mark Baldwin,1901 **The Penguin Dictionary of Religions** John R. Hinnells,1997 This fully revised and updated dictionary is an invaluable reference for students of religion containing a comprehensive bibliography as well as general and synoptic indexes

## Decoding **Dictionary Of Comparative Religions**: Revealing the Captivating Potential of Verbal Expression
