The Shadow Factory James Bamford,2009-07-14 James Bamford has been the preeminent expert on the National Security Agency since his reporting revealed the agency s existence in the 1980s Now Bamford describes the transformation of the NSA since 9 11 as the agency increasingly turns its high tech ears on the American public The Shadow Factory reconstructs how the NSA missed a chance to thwart the 9 11 hijackers and details how this mistake has led to a heightening of domestic surveillance In disturbing detail Bamford describes exactly how every American s data is being mined and what is being done with it Any reader who thinks America s liberties are being protected by Congress will be shocked and appalled at what is revealed here **Eavesdropping in America** Dixon Gritsby,2004 Electronic Eavesdropping Earleen H.
