The European Commission's 4th Railway Package Great Britain: Parliament: House of Commons: Transport Committee,2013-04-23 The Transport Committee broadly welcomes the European Commission s 4th Railway Package but believes it focuses too much on liberalising the railway in domestic markets at the expense of important measures to improve cross border freight and passenger services The Committee recommends the UK Government should actively negotiate to ensure joint working between Network Rail and train operators is not prohibited or unduly restricted metro and light rail systems are not affected by the proposals to separate infrastructure and service operators the UK s arrangements for letting train franchises are not challenged In addition MPs are concerned about governance arrangements for Eurotunnel the maximum annual threshold proposed for rail franchises which could prevent UK companies bidding for work in other EU countries and the possibility that the EU may become responsible for specifying the content of public transport plans these should remain the responsibility of national or local governments

A Journey Through European and International Taxation Carla De Pietro,Cees Peters,Eric Kemmeren,2024-03-06 To some extent because of his overlapping careers in academia and politics the renowned tax scholar Peter Essers is known for his influential insight that the effects of taxation on the political balance of power and vice versa are always interlinked with other phenomena such as wars crises religious developments and inequalities in society In this widely ranging festschrift thirty six prominent tax scholars from all across Europe examine the legacy of Peter Essers research interests from the larger philosophical political and social factors driving tax history to the reality of the taxing State as experienced by taxpayers and tax officials The book s outstanding overview of the most relevant technical and policy aspects of European and international taxation includes deeply thoughtful chapters on such topics and issues as the following developing sustainable corporate tax governance tax whistleblowing transfer pricing balancing qualitative and quantitative approaches to tax research necessity to reach something close to equal treatment between the upper and lower social classes consent and democracy tax rebellions tax evasion and tax avoidance taxation of cross border remote workers and their employers mitigation of double taxation of income earned by entertainers and sportspersons and the international tax treaty network More than a homage to this scholar s far reaching contributions this book is remarkable for the variety and academic rigour of the chapters The understanding its authors provide of both the broad contours and the intricacies of European and international taxation will be of inestimable value to tax practitioners policymakers tax consultants and academics as well as interested researchers in economics political science and sociology
