Answer To Job:

Answer to Job C.G. Jung,2013-09-13 Of all the books of the Bible few have had more resonance for modern readers than the Book of Job For a world that has witnessed great horrors Job s cries of despair and incomprehension are all too recognizable The visionary psychotherapist Carl Gustav Jung understood this and responded with this remarkable book in which he set himself face to face with the unvarnished spectacle of divine savagery and ruthlessness Jung perceived in the hidden recesses of the human psyche the cause of a crisis that plagues modern humanity and leaves the individual like Job isolated and bewildered in the face of impenetrable fortune By correlating the transcendental with the unconscious Jung writing not as a biblical scholar but as a layman and physician who has been privileged to see deeply into the psychic life of many people offers a way for every reader to come to terms with the divine darkness which confronts each individual

Jung's Answer to Job Paul Bishop,2014-12-18 Greeted with controversy on its publication Answer to Job has long been neglected by many serious commentators on Jung This book offers an intellectual and cultural context for C G Jung s 1952 publication In Jung s Answer to Job A Commentary the author argues that such neglect is due to a failure to understand Jung s objectives in this text and offers a new way of reading the work The book places Answer to Job in the context of biblical commentary and then examines the circumstances surrounding its compositions and immediate reception A detailed commentary on the work discusses the major methodological presuppositions informing it and explains how key Jungian concepts operate in the text Jung s Answer to Job A Commentary unravels Jung s narrative by reading it in the chronological order of the biblical events it analyses and the book to which it refers offering a comprehensive re reading of Jung s text An original argument put across in a scholarly and accessible style provides an essential framework for understanding the work Whilst taking account of the tenets of analytical psychology this commentary underlines Answer to Job s more general significance in terms of cultural history It will be invaluable to students and scholars of analytical psychology the history of ideas intercultural studies comparative literature religion and religious studies *Answer to Job* C.
