

Essay Sample on Hamlet Soliloquy Analysis Essay

Introduction

The soliloquies used in the play Hamlet have different meanings and they were motivated by different events that took place just before the soliloquy. The play is among the best plays in the world and this can be attributed to the way it was written and the skills that the author used to pass the messages in it. The soliloquy to be analyzed in this part is from Act II, Scene II "O, what a rogue and peasant slave am I!" Just before this soliloquy, an actor from a visiting troupe had performed a speech about the Trojan queen Hecuba. The actor had attracted so much attention and emotion that Hamlet felt he had failed. He was sad with himself for being too soft when fighting for justice for the death of his father. The theme of this soliloquy was the depression that Hamlet was having as a result of the death of his father. Hamlet had a feeling that's if he had the passion and courage of the man who had done the speech, then he would achieve more for himself and his father. He had his father's death ghost that was crying for justice and he felt the need to undertake the role of revenging and acting to satisfy the ghost and his soul. The soliloquy was triggered by the actor who made him think about the death of his father and it led to next part where Hamlet blamed himself for lacking confidence and courage to act and he called himself 'an ass' for being a failure.

The modern translation of the soliloquy is that Hamlet sees himself as a slave of himself because he feels he does not have the adequate pus to do what he wanted. He felt unworthy and unfit to undertake the roles he wanted to undertake in his life. The connection between the actor and the feeling that Hamlet got is that the actor intrigued emotions and Hamlet was already emotional about his father's death. Later on, he remembered that when people watch a play that has a storyline that resembles their own life circumstances, they are "struck so to the soul" and they end up confessing their crime. The translation shows that Hamlet was moved by the speech and he connected it to the circumstances he was going through. He wants to use this idea to get the confession and guilt of the king, Claudius. The old English used in the soliloquy portrays Hamlet as a rogue and peasant slave. In the modern translation, this means helpless and unable to act as expected. Most of the information that surrounded this act and scene is about the death of Hamlet's father and the feelings and thoughts that Hamlet had about Claudius. They show sorrow and grief and the spirit of vendetta that Hamlet was fighting with.

Lessons from the Soliloquy

The speech reveals several things about Hamlet and they can be related to the way Hamlet is portrayed in the play. The first thing we learn about Hamlet is that he has the urge to revenge for the death of his father. He is sad that he has not yet acted to find out more about the death and he feels haunted by the ghost of his father's death. Hamlet is disturbed and he feels overwhelmed by the fact that he has not acted as he feels he needs to. The other revelation is that he is weak and not as courageous as the actor who performed just before the soliloquy. The speech shows that inside his mind, he reveals his weakness and lack of courage to undertake the roles he needs to undertake in his life. His position and responsibilities rely on his courage and willingness to undertake an action to fight for what he believes in. However, he has not taken action and he can be seen as a
