advantage of the camera's features in the most efficient ways possible Photographer's Guide to the Leica D-Lux 5 Alexander S. White, 2010-12-12 Photographer's Guide to the Leica D-Lux 5 is a follow-up to the author's earlier guides to the Leica D-Lux 4, Panasonic Lumix LX3, and Panasonic Lumix LX5 digital cameras. The new book like the earlier ones explains all operations, features, menus, and controls of the camera in clear language, providing guidance not only about how to accomplish things with the camera but when and why to use certain features. The book does not assume any specialized knowledge by the reader but adopts a patient and helpful tone in explaining topics such as autofocus, manual focus, aperture, priority, shutter priority, macro photography, and RAW files. Besides providing guidance about all basic operations of the camera, the book includes introductions to advanced topics including astrophotography, infrared photography, street photography, and creating 3D images. The book is illustrated with more than 150 color photographs and includes a full table of contents and index.

**Rent to Own Magazine RTO Industry Legislative Guide V5 Issue 2**, **The Routledge Guide to Music Technology** Thom Holmes, 2013-10-18 First published in 2006. This guide is an A to Z trade reference aimed at music students, technophiles, and audio/video/computer users. The world of music technology has exploded over the last decades thanks to introductions of new digital formats. At the same time, there has been a renaissance in analog high-fidelity equipment and resurgent interest in turntables, long-playing records, and vintage stereo systems. Music students, collectors, and consumers will appreciate the availability of a guide to all things musical in the technological universe.

**Video Rating Guide for Libraries**, 1990 Outsourcing -in Brief Mike Johnson, 1997 Why outsource? Who does it? What are the benefits? As more and more companies seek to streamline their operation and concentrate on their core business, sourcing work from outside the company has become an increasing necessity. Johnson looks at successful outsourcing organizations and how this method of productivity has improved business. This book provides a balanced view of the pros and cons of outsourcing and how to do it. It gives a highly practical, down-to-earth presentation of outsourcing, is accessible with many international examples, contains checklists and box story items to highlight specific issues and options, includes How to Outsource guide. The in-brief books provide a critical snapshot of the major management fashions and fads influencing business strategy. They cut through the consultants' jargon and steer a practical, common-sense course through the theory and hype. They provide managers with a balanced view based on evidence rather than missionary zeal so that they can be better informed. Balanced view of the pros and cons of outsourcing and how to do it. Accessible with many international examples. Contains checklists and box story items to highlight specific issues and options.
