2014 Exemplars For Life Sciences:

The Patentability of Synthetic Biology Inventions Ilaria de Lisa, 2020-09-29 This book addresses Synthetic Biology SynBio a new and promising biotechnology that has attracted much interest from both a scientific and a policy perspective Yet questions concerning the patentability of SynBio inventions have not been examined in detail so far as a result it remains unclear whether these inventions are patentable on the basis of current norms and case law The book addresses this question focusing especially on the subject matter's eligibility and moral criteria It provides an overview of the legislation and decisions applicable to SynBio patents and examines this new technology in view of the ongoing debate over the patentability of biotechnologies in general The legal analysis is complemented by the practical examination of several patent applications submitted to the European and US patent offices EPO and USPTO and by an assessment of the patent issues that are likely to be raised by future SynBio developments

Dual-use life science research and biosecurity in the 21st Century: Social, Technical, Policy, and Ethical Challenges Jonathan E. Suk, Kathleen M. Vogel, Amanda Jane Ozin, 2015-06-04 In September 2011 scientists announced new experimental findings that would not only threaten the conduct and publication of influenza research but would have significant policy and intelligence implications The findings presented a modified variant of the H5N1 avian influenza virus hereafter referred to as the H5N1 virus that was transmissible via aerosol between ferrets These results suggested a worrisome possibility the existence of a new airborne and highly lethal H5N1 virus that could cause a deadly global pandemic In response a series of international discussions on the nature of dual use life science arose These discussions addressed the complex social technical political security and ethical issues related to dual use research This Research Topic will be devoted to contributions that explore this matrix of issues from a variety of case study and international perspectives
