## 49th Parallel:

Minnesota's Boundary with Canada William E. Lass, 1980 Lass's book will be the standard work on the Lake Superior to Red River boundary but it reaches beyond those limits defined in the title In order to make any sense out of the border Lass has gone a long way towards writing a good general survey of Canadian American boundary issues The book is based on an extensive use of published and manuscript materials and it is well illustrated with photographs and maps including reproductions of important historic maps [www.mhs.ca/docs/mb\\_history/04\\_boundarycommission.shtml](http://www.mhs.ca/docs/mb_history/04_boundarycommission.shtml) **Report on the exploration of the country between Lake Superior and the Red River Settlement, and between the latter place and the Assiniboine and Saskatchewan** Simon James Dawson, 1859 **The The Longest Boundary: How the US-Canadian Border's Line came to be where it is, 1763-1910 (Consolidated edition)** John Dunbabin, 2024-04-25 A consolidated eBook of Volume one and Volume two of *The Longest Boundary* by John Dunbabin These volumes are firmly based on primary sources but written in a way that should appeal to the general reader as much as to specialised historians Its chief actors are politicians and administrators but there is a range of others extending from First Nations chiefs to goldminers railway entrepreneurs prophets and policemen In the concluding chapter the book's general historical approach is supplemented by assessment of the main perspectives of international relations theory Finally attention is drawn to small anomalies created by the boundary line *Bulletin*, 1924 **Trading on Art** Sarah E.K. Smith, 2025-05-01 The 1989 Canada US Free Trade Agreement and 1994 North American Free Trade Agreement reinvented the concept of North America as a cohesive whole united by free trade But within the bold concept of continental unity lay a paradox While art was mobilized to frame the new narrative culture itself was explicitly excluded from the agreements that implemented this vision *Trading on Art* brings culture to the fore by examining how artworks exhibitions and museum programs from the 1980s to 2010 mediated North American free trade from government supported cultural diplomacy initiatives to activist art that confronted impending US hegemony Sarah E K Smith reveals how Canadian artists engaged with contested and reflected on free trade paying particular attention to the ways in which art was used to forge ties between Canada and Mexico and to circulate ideas about North American identity Her nuanced analysis convincingly makes the case for the centrality of art in conceptualizing continental unity *Powell and Pressburger's War* Greg M. Colón Semenza, Garrett A. Sullivan Jr., 2023-09-07 A focused study on Michael Powell and Emeric Pressburger's cinematic contributions to the war effort arguing for the centrality of propaganda to their work as film artists Michael Powell and Emeric Pressburger are widely hailed as two of the greatest filmmakers in British cinema history The release of their first movie *The Spy in Black* barely preceded the beginning of World War Two and a number of their early masterworks including *The Life and Death of Colonel Blimp* *A Canterbury Tale* and *A Matter of Life and Death* were produced in the service of the war effort Through exploring the relationship between art and propaganda this book shows that Powell and Pressburger saw no contradiction between their aesthetic ambitions and their

cinematic war work propaganda imperatives were highly conducive to their objectives as both commercial cinema practitioners and artists Drawing on production materials from the archives of the British Film Institute this book charts three phases in Powell and Pressburger s wartime career from first time collaborators who strive to reconcile popular cinematic forms with developing notions of what constitutes effective propaganda to accomplished and sometimes controversial propagandists whose movies center upon Britain s relations with its enemies and allies to filmmakers whose responsiveness to the propaganda requirements of the late war is matched by a focus shared by the Ministry of Information on what the post war future would bring
