

IMMIGRATION:

the movement of non-native people into a country in order to settle there.

The Catholic Church grew through immigration, making it the largest religion in the U.S. In 1850 only 5% of the U.S. population were Catholics. By 1906, Catholics made up 17% of the total population. Most of the first immigrants that came to the U.S. were from Germany and Ireland. With so many immigrants settling in the U.S., many towns had to build hospitals, schools and churches to serve the people.

Color Lady Liberty!

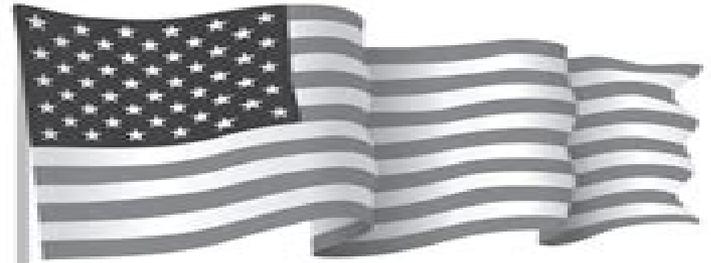

This is the Statue of Liberty. This statue can be found on Ellis Island in New York. As immigrants came over to the U.S. on ships this was the first thing that they would see. The Statue of Liberty became the symbol of immigration.

Fun facts about the Statue of Liberty:

- ★ The Statue of Liberty commemorates the American Declaration of Independence and was a gift from the people of France.
- ★ The seven spikes on the crown represent the seven oceans and the seven continents of the world, indicating the universal concept of liberty.
- ★ Lady Liberty wears a size 879 shoe, 25 feet long.
- ★ Lady Liberty's face is 8 feet tall.
- ★ The amount of copper in the Statue of Liberty could make 30 million pennies!
- ★ When the statue was originally assembled, it was a dull brown color, reflecting the natural color of its copper plates. Over the next 30 years, though, it slowly turned to the green color you see today mainly through oxidation along with several other chemical reactions.
