77 Dynamic Ideas for Teaching the Bible to Children Patsy Campbell, Dana Eynon, June Lang, 1977 77 Dynamic Ideas for Teaching the Bible to Pre-schoolers Wilma Shaffer, Diane M. Stortz, 1977 Religious Books and Serials in Print 1978-1979 R.R. Bowker Company. Department of Bibliography, 1978-11 **Fresh Ideas for Preaching, Worship & Evangelism** Dean Merrill, 1984 **Children before God** John McNeill, 2017-11-09 This work seeks to delineate a theological framework into which biblically informed imagery and language of children in relation to God can be placed McNeill's aim is to offer a work of positive construction within the general Reformed tradition The book shows that John Calvin has much to offer in this respect but by examining the imagery and language of children in his works it is shown that Calvin is not adequately biblically informed in this area McNeill argues that Jonathan Edwards provides a theological tool that enables a construal of children more in keeping with biblical language and imagery The book then offers a general critique of current child development theories in which providential activity in child development is more or less ignored By adopting Calvin's theological framework to understand children before God it is argued that the integration of child development and divine providence becomes a distinct possibility This work should be of interest to those working in biblical childhood Calvin and Edwards studies as well as to the more general practitioner working with children in church and society
