Indian Literary History** James H. Cox,2019-09-17 Bringing fresh insight to a century of writing by Native Americans The
Political Arrays of American Indian Literary History challenges conventional views of the past one hundred years of Native
American writing bringing Native American Renaissance and post Renaissance writers into conversation with their
predecessors Addressing the political positions such writers have adopted explored and debated in their work James H Cox
counters what he considers a flattening of the politics of American Indian literary expression and sets forth a new method of
reading Native literature in a vexingly politicized context Examining both canonical and lesser known writers Cox proposes
that scholars approach these texts as political arrays confounding but also generative collisions of conservative moderate and
progressive ideas that together constitute the rich political landscape of American Indian literary history Reviewing a broad
range of genres including journalism short fiction drama screenplays personal letters and detective fiction by Lynn Riggs Will
Rogers Sherman Alexie Thomas King Leslie Marmon Silko Louise Erdrich Winona LaDuke Carole laFavor and N Scott
Momaday he demonstrates that Native texts resist efforts to be read as advocating a particular set of politics Meticulously
researched *The Political Arrays of American Indian Literary History* represents a compelling case for reconceptualizing the
Native American Renaissance as a literary historical constellation By focusing on post 1968 Native writers and texts argues
Cox critics have often missed how earlier writers were similarly entangled hopeful frustrated contradictory and
unpredictable in their political engagements Lynn Riggs: The Indigenous Plays Lynn Riggs,2024-03-28 Lynn Riggs *The
Indigenous Plays* bundles critically edited texts of three thematically allied plays with an extensive primary secondary and
textual apparatus *The Cherokee Night* 1932 comprising seven asynchronous scenes set between 1895 and 1931 is Riggs s
most experimental play Its Cherokee characters inhabit a history of dispossession and violence including the dissolution of
the Cherokee Nation with Oklahoma statehood in 1907 Their daily survival constitutes the apex of resistance Not so for the
Indigenes of *The Year of Pilar* 1938 the most radical American Indian text prior to the Native American renaissance that
began in the late 1960s Here Yucatecan Mayans take a government program of land reform as an opportunity to reclaim
their homeland and punish settler colonialists for centuries of enslavement torture and sexual violence Riggs returns to
Indian Territory in *The Cream in the Well* 1941 set on the eve of Oklahoma statehood The Cherokee Sawters family responds
to the onset of statehood by lamenting lost opportunities and fretting about an uncertain future **Engraved Prints of
