The Improvement Era, 1900

Phenomenological Approaches to Religion and Spirituality Essien, Essien D., 2021-01-29 There is an interesting knowledge trajectory that God remains incomprehensible not imperceptible This lends credence to the fact that religious study since the Enlightenment has dedicated itself almost entirely to the problem of reconciling the non existence of God in the physical world with his necessary existence in the metaphysical world When seriously examined it would be discovered that these two aspects are logically contradictory and this is a problem with no solution But interpreting God not as a physical being but as a phenomenological thing changes the nature of the problem enough that a solution emerges almost automatically In this phenomenological model the crux of the matter is that God does not exist but God is real Therefore it is imperative to return to experience and verifiability hence purging it of unexamined and often hidden assumptions *Phenomenological Approaches to Religion and Spirituality* brings together the different disciplines and research approaches to provide a comprehensive analysis of the phenomenology of God and spirituality as well as offering an effective epistemological apparatus capable of dealing with this concept The book employs multidisciplinary approaches from religious studies theology philosophy anthropology and other segments to dissect the subject matter for efficient evaluation and all inclusive findings While covering various aspects of religion such as the testaments of the Bible the church the religious experience and various aspects of spirituality this book is intended for theologians philosophers religious leaders policymakers academicians researchers students public institutions and agencies with a special interest in religious matters values knowledge and truth

The Prophet Joseph Smith C. Paul Smith, 2019-04-10 Joseph Smith Prophet and the founder of The Church of Jesus Christ of Latter day Saints continues to be the subject of adulation by many but he is the object of derision by some Mormon critics C Paul Smith an experienced trial attorney and strong defender of Joseph Smith highlights six historical and doctrinal issues pertaining to the prophet that remain the subject of debate plural marriage the succession of leadership following his death the stories of three splinter churches that broke off from the church founded by Joseph Smith the Book of Abraham blacks and the priesthood and six alleged false prophecies made by Joseph Smith The chapters on plural marriage give a concise history of key events of its introduction as a part of the restoration of the gospel of Jesus Christ The chapter on the Book of Abraham scrutinizes and exposes the fatal flaws in the arguments made by some Egyptologists that Joseph Smith's translation of the Book of Abraham is a fabrication The chapter on blacks and the priesthood analyzes race relations in the 20th century and it reviews some lesser known statements by Joseph Smith The chapter on three LDS splinter churches provides important historical insights about three organizations that broke away from the Church in 1844 1852 60 and 1863 With debate still swirling around Joseph Smith it is more important than ever to understand the truth about him in order to appreciate the quality of who he was and the great importance of his work
