[The Book of Universal Knowledge](#) Deborah McMahon,2004-07 We are all called by our internal wisdom to seek a higher state of being Some of us ignore the voice completely Others listen only to deny the truth with the clamorings of reality as the everyday world dictates how it should be A few maybe a handful of us dare to listen and hear the sweetness of the sound of the perfection of life For those few this book is written For those few will change the world in this time of suffering and confusion by adding the element of peace needed to soothe the aching heart of our culture We will listen and pass the truth on to others and save the world The Book of Universal Knowledge is the internal wisdom the page so those of us who remember can remember again the sound of the gifts of the universe
