Desire Per Bjørnar Grande, 2020-07-01 Desire can take many forms Hegel related desire to acceptance Nietzsche to power and Freud to the erotic In novels and plays by Gustave Flaubert Marcel Proust F. Scott Fitzgerald and Arthur Miller and music by Lana Del Rey desire operates in a complex slippery way that eludes philosophical and psychoanalytic attempts to pin it down These and other great works of literature corroborate René Girard's understanding of desire as taking shape according to the other's desire The mimetic approach frees desire from the preconceptions of both subject and object oriented psychologies and puts literary criticism in touch with the concrete substance of fictional narratives Drawing on both modern masterpieces and iconic works of contemporary pop culture Per Bjørnar Grande sketches a Girardian phenomenology of desire one that sheds new light on the frustrating and repetitive nature of human relations in a world of vanishing taboos

Dallas Watkins Sophie Treadwell and Washington Irving fill an important conceptual gap The essayists offer numerous approaches to intertextuality the influence of the poetry of romanticism and Shakespeare and of histories and novels ideological and political discourses on American playwrights unlikely connections between such writers as Miller and Wilder the problems of intertexts in translation the evolution in historical and performance contexts of the same tale and the relationships among feminism the drama of the courtroom and the drama of the stage Intertextuality has been an under explored area in studies of dramatic and performance texts The innovative findings of these scholars testify to the continuing vitality of research in American drama and performance
