Communicating Success Tiziana Rocca, 2009 Corporations large and small, political figures, artists and organizations all of them need public relations to make their products or services known, to stimulate interest in a brand name or to build the right image. As a result, recognition of the importance of communications is steadily growing and interest in working in the PR field is on the rise. A large section of the book is dedicated to issues related to marketing and publicity, to managing information and to the profession's concrete aspects: the creation of successful events, the modern art of entertaining, practical work tools and strategies and effective collaboration with coworkers and team members. Experience, ideas, guidelines and tips. Rocca's guide is a decisive leg up for anyone who wants to stand out in the complex and diverse world of communications. *Communicating for Success* Janet S.
