in North America that often entails communicating with Spanish speaking patients and their families A valuable resource for physicians physician assistants nurses hospital technicians emergency care providers and medical administrators with little or no Spanish language experience this book provides you with all the Spanish you need to do your job More than a mere phrase book McGraw Hill s Complete Medical Spanish features a complete time tested program guaranteed to help you Understand and use a Spanish vocabulary of more than 3 000 general and medical terms Confidently interview patients take histories conduct physical exams prescribe medication and give follow up instructions in Spanish Carry on spontaneous dialogues in Spanish using verbs in the past present future and command forms Become more aware of major attitudinal differences between Latino and Anglo American cultures and how they impact healthcare decisions McGraw Hill s Complete Medical Spanish will teach you the skills needed to formulate original Spanish sentences and confidently dialogue with Spanish speaking patients and their families This indispensable tool of the trade is also available as a part of a three CD audio package McGraw Hill s Spanish for Healthcare Providers ISBN 978 0 07 166427 1

Tension and Contention in Language Education for Latinxs in the United States Glenn A. Martínez, Robert W. Train, 2019-10-08 Applying a critical lens to language education this book explores the tensions that Latinx students face in relation to their identities social and institutional settings and other external factors Across diverse contexts these students confront complex debates and contestable affirmations that intersect with their lived experiences and social histories Martinez and Train highlight the pedagogic and ethical urgency of teacher responsibility learner agency and social justice in critically addressing the consequences constraints and affordances of the language education that Latinx students experience in historically situated and institutionally defined spaces of practice ideology and policy Reframing language studies to take into account the roles of power inequality and social settings this book provokes dialogue between areas of language education that rarely interface Through privileging the learner experience the book provides a window to the contested spaces across language education and generates new opportunities for engagement and action Offering nuanced and insightful analyses this book is ideal for scholars language researchers language teacher educators and graduate students in all areas of language education
