The Cold War and its Legacy in Indonesia Silvia

Mayasari-Hoffert,2023-11-01 Mayasari Hoffert examines the depiction of the Left in Indonesian literature since the anti leftist purge in 1965 With close textual analysis of Indonesian literary texts and their political context this book investigates how the New Order regime under Suharto was able to build a metanarrative of liberation while purging the Left in Indonesia Even after the regime s end in 1998 many Indonesians still have an ingrained fear of the prospect of Communism with the result being that literary representation of the Left is still seen as problematic Through reviewing Indonesia s institution of literature the use and abuse of universal humanism under the New Order regime is examined and the ways in which power intersects with literature is explored An informative read for scholars and students of Indonesian politics literature and the cultural cold war

Chinese Policy Toward Indonesia, 1949-1967 David Mozingo,2007 China s alliance with Indonesia in the mid sixties appeared to be a spectacular achievement of diplomatic strategy yet it became a major foreign policy disaster for China To explore this turn about Professor Mozingo offers a persuasive analysis of the competing forces that shaped Beijing s policy towards Jakarta and the factors that ultimately led to its downfall He explains how and why Chinese policy in Indonesia shifted dramatically from hostility to peaceful coexistence and back again to hostility Although considerations of global strategy predominantly influenced the design and execution of that policy he writes the decisive factor affecting the outcome of the Sino Indonesian relationship consistently proved to be the domestic political processes in Indonesia over which Beijing had little or no control In the end China was unable to resolve the contradiction between considerations of realpolitik and of its own revolutionary ethos He argues that this same contradiction is responsible for the highly ambivalent attitude that Beijing has displayed in its relations with other non communist Arfo Asian countries since 1949 Through this informed analysis of the Sino Indonesian relationship now brought back to life as a member of Equinox Publishing s Classic Indonesia series Professor Mozingo has clarified the larger pattern of China s evolving diplomatic strategy in the Third World before the Cultural Revolution DAVID MOZINGO is Professor of Government and Director International Relations of East Asia Project at Cornell University A graduate of the University of California Loa Angeles he received his MA and PhD degrees there He was formerly a staff member of the Rand Corporation and Director China Japan Program at Cornell University

Massacres and Morality Alex J. Bellamy,2012-09-27 Most cultural and legal codes agree that the intentional killing of civilians whether in peacetime or war is prohibited Yet despite this fact the deliberate killing of large numbers of civilians remains a persistent feature of global political life

The Army and the Indonesian Genocide Jess Melvin,2018-01-19

For the past half century the Indonesian military has depicted the 1965 66 killings which resulted in the murder of approximately one million unarmed civilians as the outcome of a spontaneous uprising This formulation not only denied

military agency behind the killings it also denied that the killings could ever be understood as a centralised nation wide campaign Using documents from the former Indonesian Intelligence Agency s archives in Banda Aceh this book shatters the Indonesian government s official propaganda account of the mass killings and proves the military s agency behind those events This book tells the story of the 3 000 pages of top secret documents that comprise the Indonesian genocide files Drawing upon these orders and records along with the previously unheard stories of 70 survivors perpetrators and other eyewitnesses of the genocide in Aceh province it reconstructs for the first time a detailed narrative of the killings using the military s own accounts of these events This book makes the case that the 1965 66 killings can be understood as a case of genocide as defined by the 1948 Genocide Convention The first book to reconstruct a detailed narrative of the genocide using the army s own records of these events it will be of interest to students and academics in the field of Southeast Asian Studies History Politics the Cold War Political Violence and Comparative Genocide *The Contours of Mass Violence in Indonesia, 1965-68* Douglas Kammen, Katharine McGregor, 2012-09-30 The violence directed against the political left in Indonesia from 1965 until 1968 has been the subject of intense speculation The large number of deaths and brutal interrogations as well as rape torture short and long term detention and on going discrimination inflicted on hundreds of thousands of people makes this a compelling topic However political sensitivities within Indonesia and a dearth of evidence made serious research on the topic extremely difficult under the New Order regime *The Contours of Mass Violence in Indonesia* presents case studies from diverse locations throughout the Indonesian archipelago The accounts revolve around the impact and interpretations of the September 30th Movement and its aftermath the roles of military and civilian groups in fomenting and perpetrating violence short and long term detention and the legacies of the assault on the political Left Although events unfolded differently in various parts of the country the violence amounted to a counter revolution intended to curtail the mass mobilization and popular participation unleashed by the national revolution some twenty years earlier The goal was to destroy the social bases of President Sukarno s left leaning Guided Democracy and to establish a military regime that was authoritarian and pro Western Students of Indonesia will learn much from the accounts in this volume but the discussion will also benefit scholars concerned with the dynamics of mass violence the Cold War regime change and counter revolution

Communists in Indonesia Leslie H. Palmier, 1973 **The Intolerable Intolerance** Indonesia. Kedutaan Besar (Scandinavia), 1972 **The Social Evolution of Indonesia** F. Tichelman, 2012-12-06 At a fairly early stage of socialism s penetration into the Afro Asian world a handful of European social democrats established an Indian Social Democratic Association ISDV They did so in a country Indonesia that was economically little developed and far away from any of the centres of European socialism and Asiatic radical nationalism The ISDV was soon able to bring its influence to bear on sections of the urban proletariat and to build up an Indonesian revolutionary movement This occurred in sharp competition with a nascent nationalist leadership and then without the usual intermediary role played by radicalizing groups of native

intelligentsia In this way Dutch social democrats laid the foundations for one of the first communist parties in Asia and Africa a party which was destined to become one of the few communist mass parties of the Third World However in contrast to the major communist movements of China Vietnam this Indonesian party was to demonstrate a basic weakness successive and catastrophic defeats If we leave out Japan the only non Western country where a capitalist industrial revolution occurred we see that foreign and particularly Western minorities frequently did play a dominant role in the initial and formative phases of the socialist and workers movements of the Afro Asiatic world
