As If By Magic

Dolores Gordon-Smith

As If By Magic:

As If by Magic Edgard Telles Ribeiro,2026-01-13 Nothing is as it seems in the sinuous tales of Brazilian master Edgard Telles Ribeiro A son embarks on a journey involving a disappearing suitcase secret police and a strange letter while pursuing a father who appears to have fallen victim to Alzheimer s disease A man inherits a deserted island and is drawn into the mysterious possibly deadly affairs of a strange couple on a sailboat A gold miner in a remote Amazon outpost escapes from a murderous foreman by building an improbable machine A writer chases the evasive opening sentence of his novel while locked down in his Rio de Janeiro apartment with his wife until she usurps the narrative In the four tales that comprise *As If by Magic* Edgard Telles Ribeiro invites us into labyrinthine worlds where what we perceive is only the beginning of the story

As if by Magic Dolores Gordon-Smith,2012-09-01 Destitute and desperate George Lassiter breaks into the kitchen of a stranger s house for food and shelter There he witnesses the murder of a beautiful girl But when the police search the house minutes later they find nothing The corpse has vanished as if by magic Even George s friend and rescuer Jack Haldean believes it was nothing more than a nightmare But the consequences of that nightmare will plunge Jack into a tangle of lies and obsession as he hunts a ruthless killer *As If by Magic* Patti Newman,1985-08-01 *As If by Magic* Patti

Newman,2015-05-09 This is the story of a little girl who enjoys entertaining people making them laugh When asked by her 5th grade teacher what she wants to be when she grows up she says magician After some research and encouragement she decides to go for it Find out how Patti realizes her dream and enjoy the magic tricks and jokes along the way *As If By*

Chance Kevin Reed Donley,2023-12-21 The age of print was begun by Johannes Gutenberg in 1440 in Mainz Germany His invention of the mechanized and mass production of print replaced the previous handwriting of the scribes and was a transformative achievement It was both the product of and a catalyst for far reaching intellectual social and political changes that began during the Renaissance and continued for centuries right up to the present The age of electronic media was begun by Steve Jobs in 1985 in Cupertino California His integration of the elements of desktop publishing personal computer page layout software page description language and laser printer replaced the previous photomechanical processes of printing and was a transformative achievement It was both the product of and a catalyst for the intellectual social and political changes during the digital revolution that will extend for generations into the future This book discusses these two bookends in the age of print It follows the transitions and stages of innovation in printing between the fifteenth and twenty first centuries and shows how the inventors responsible for this progress are bound together in a chain of revolutionary technical change called disruptive continuity While the works of Gutenberg and Jobs are separated by more than five centuries there are striking parallels and differences between these two innovations They both sparked the quantitative expansion of literacy and the spread of knowledge around the world However the emergence of electronic publishing especially in its present day social media forms has brought a vast increase in the consumption of information while also

heralding a qualitative transformation that places the tools of wireless and mobile multimedia publishing into the hands of billions of people on earth Much in the same way that there was a historical lag between Gutenberg s invention and the full impact of printing on the world so too in our own time the long term societal consequences of electronic publishing have yet to be realized
