Community Practice Skills Dorothy N. Gamble,Marie Weil,2010 Dorothy N Gamble and Marie Weil differentiate among a range of intervention methods to provide a

comprehensive and effective guide to working with communities Presenting eight distinct models grounded in current practice and targeted toward specific goals Gamble and Weil take an unusually inclusive step combining their own extensive experience with numerous case and practice examples from talented practitioners in international and domestic settings The authors open with a discussion of the theories for community work and the values of social justice and human rights concerns that have guided the work of activists from Jane Addams and Martin Luther King Jr to Cesar Chavez Wangari Maathai and Vandana Shiva They survey the concepts knowledge and perspectives influencing community practice and evaluation strategies Descriptions of eight practice models follow incorporating real life case examples from many parts of the world and demonstrating multiple applications for each model as well as the primary roles competencies and skills used by the practitioner Complexities and variations encourage readers to determine through comparative analysis which model at which time best fits the goals of a community group or organization given the context culture social economic and environmental issues and opportunities for change An accompanying workbook stressing empowerment strategies and skills development is also available from Columbia University Press

Everyday Community Practice Amanda Howard, Margot Rawsthorne, 2020-07-16 Increasingly students and practitioners in human services are asked or seek to include community engagement participation and capacity building in their work with groups In this book expert authors Amanda Howard and Margot Rawsthorne provide guidance on the theory and practice of working with communities from preliminary planning and scoping before direct work with the community begins through to evaluation They explore key issues including developing an understanding of community life facilitating and supporting community action understanding and acting on structural inequity managing negotiation and conflict and building productive networks They draw extensively on their own work with communities and research to create a dialogue with the reader on the interaction of task and process in everyday community practice Written in a friendly and accessible style and featuring the voices of community workers throughout this is a vital guide for anyone seeking to encourage positive change in an important field of practice This is a splendid addition to the community work literature offering wise and judicious guidance for those engaged knee deep in community practice it acknowledges that the increasing emphasis on individualised service options has too often led to the neglect of understanding the benefits of collective action within diverse and dynamic communities Dr Winsome Roberts Honorary Senior Fellow Department of Social Work University of Melbourne

Community Organizing and Community Building for Health and Welfare Meredith Minkler, 2012-07-16 The third edition of Community Organizing and Community Building for Health and Welfare provides new and more established ways to approach community building and organizing from collaborating with communities on assessment and issue selection to using the power of coalition building media advocacy and social media to enhance the effectiveness of such work With a strong emphasis on cultural relevance and humility this collection offers a wealth of case studies in areas ranging from childhood obesity to immigrant worker rights to health care

reform A tool kit of appendixes includes guidelines for assessing coalition effectiveness exercises for critical reflection on our own power and privilege and training tools such as policy bingo From former organizer and now President Barack Obama to academics and professionals in the fields of public health social work urban planning and community psychology the book offers a comprehensive vision and on the ground examples of the many ways community building and organizing can help us address some of the most intractable health and social problems of our times Dr Minkler s course syllabus Although Dr Minkler has changed the order of some chapters in the syllabus to accommodate guest speakers and help students prep for the midterm assignment she uses she arranged the actual book layout in a way that should flow quite naturally if instructors wish to use it in the order in which chapters appear
